Example 2. 案例

Postwar Hong Kong was plagued by the problems that face all societies reeling from the ravages of war: inflation, unemployment, looting, poor health and sanitary conditions, and shortages in currency, housing, personnel, and food (some 80 percent of the population suffered from malnutrition).
Compounding these problems was the task of imprisoning and repatriating thousands of Japanese soldiers and civilians.
Recovery was not easy, but David MacDougall’s interim military administration, which managed the colony for eight months, did a remarkable job of restoring order by setting price controls, providing emergency food supplies, and restoring the fishing industry.
Anne Sorby, who came to work in the interim military administration from the mainland, where she had been stationed with the British Special Operations Executive unit, recalled that “there was a real team spirit between the military, naval and civil....
It was all very inspiring.
We were determined to make it work, and it did.” 12

战后香港饱受战争蹂躏后所有社会都会面临的问题困扰：通货膨胀、失业、抢劫、恶劣的卫生条件以及货币、住房、人员和食品短缺（约 80%的人口营养不良）。雪上加霜的是，还要监禁和遣返数千名日本士兵和平民。重建之路并非坦途，但戴维·麦克杜格尔领导的临时军事行政机构管理香港长达八个月，通过实施价格管制、提供紧急食品供应和恢复渔业，出色地恢复了秩序。安妮·索比曾在英国特别行动执行处驻扎于大陆，之后来到香港加入临时军事行政机构。她回忆说：“军方、海军和文职人员之间有着真正的团队精神.....这一切都非常鼓舞人心。我们决心要成功，而我们也做到了。” 12

Hong Kong’s recovery could not have been accomplished 完成，实现, however, without *an enterprising (a.)有事业心的；有进取心的；有魄力的 and resourceful 足智多谋的；机敏的 population* 后定说明 主 that, having endured 忍受；忍耐；承受 the Japanese occupation for more than three years, 系 was ready to help rebuild Hong Kong.

然而，如果没有 (without) 一群富有进取心和才智的民众，香港的重建是不可能完成的 (could not have been accomplished)，这群民众 (that) 在经历了 (having endured) 三年多的日本占领后，已经准备好 (was ready) 帮助重建香港了。

Example 3. 案例

虚拟语气：could not have been accomplished，表示对过去情况的假设。 全句逻辑是：事实上，香港重建完成了。

could have done 是最常用的虚拟语气结构之一，**它专门用于谈论过去。它的核心是表达一种“本可以发生，但实际并未发生” 的可能性。**

核心公式：
could have + 过去分词(主动)
could have been + 过去分词(被动)

核心含义：表示 “过去本来有能力/有可能做某事，但实际并没有做”。 它描述的是一种与过去事实相反的可能性。带有强烈的遗憾、批评、推测或反事实假设的语气。

Header 1	Header 2
1.表示“过去本能够做，但没做” (Ability in the Past)	这是最常见的用法，表达一种未实现的能力或可能性，常伴有遗憾。 • 主动：I could have finished the project yesterday. (我本来昨天就能完成这个项目。) —— 事实是：我昨天没完成。 • 被动：The mistake could have been avoided. (这个错误本来是可以避免的。) —— 事实是：错误发生了。
2.表示“对过去情况的推测” (Speculation about the Past)	表示说话人对"过去某个不确定事件"的可能性,进行推断，语气比must have done更弱、更不确定。 • 主动：Where is he? He could have missed the train. (他在哪？他可能是错过火车了。) —— 我不确定，但这是种可能。 • 被动：The letter could have been sent to the wrong address. (那封信可能被寄错地址了。) —— 对过去事件原因的一种推测。
3.用于“与过去事实相反的虚拟条件句” (Unreal Conditionals - Past)	这是虚拟语气的经典应用，通常与 if引导的非真实条件句连用，结构为： **If + 主语 + had done, 主语 + could have done** • 主动：If I had studied harder, I could have passed the exam. (如果我当初更用功，我本可以通过考试。) —— 事实是：我没用功，所以没通过。 • 被动：If the alarm had been working, the fire could have been controlled earlier. (如果警报当时是好的，火灾本可以被更早控制住。) —— 事实是：警报坏了，所以没能早控制。 你的句子就属于这种用法的变体——含蓄条件句。它省略了 if从句，用 without...这个介词短语表达了条件： (If there had not been) without an enterprising population, the recovery could not have been accomplished. (如果没有...，复兴本不可能完成。)
4.表示“委婉的批评或建议” (Mild Criticism or Suggestion)	用于批评某人过去本应做得更好，或提出一个（已来不及的）建议。 • 主动：You could have told me you were running late! (你本可以告诉我你要迟到的！) —— 委婉的抱怨。 • 被动：This could have been handled more diplomatically. (这件事本可以用更外交的手段来处理。) —— 对过去处理方式的批评。

could have done与相关结构的对比:

结构	含义	语气/侧重点	例句
could have done	过去本能够/可能做	可能性、能力、遗憾	He could have been a great artist. (他本可以成为伟大的艺术家。)
should have done	过去本应该做	责任、义务、预期	You should have apologized. (你本应该道歉的。)

结构	含义	语气/侧重点	例句
would have done	过去将会做 (在某种条件下)	意愿、结果、确定性	I would have helped if you’d asked. (如果你当时开口，我是会帮的。)
must have done	过去一定做了	肯定性推测 (接近确信)	He must have left early. (他一定是早走了。)
might/may have done	过去也许做了	不确定性推测 (可能性低)	She may have forgotten. (她也许是忘了。)

核心区别：
could have done：有能力/有可能，但没发生。
should have done：有责任/应该，但没做。
would have done：愿意/会去做 (在假设条件下)。

回到你的原句： Hong Kong’s recovery could not have been accomplished...

- 虚拟语气：它建立了一个与历史事实相反的假设世界。在那个世界里，没有那群民众，香港无法复兴。
- 完成时被动：been accomplished 表明“复兴”这个动作是被（民众）完成的，强调了民众的能动性和贡献，而不仅仅是运气。

By November 1945, the economy had recovered **so** well **that** government controls (n.) were lifted 解除；撤销 and free (a.) markets restored 恢复；使复原.

During the same year, Hong Kong got its own airline, *Cathay 中国 Pacific* (太平洋) 国泰航空, a predominantly 主要地；绝大多数地 British corporation.

Example 4. 案例
Cathay Pacific

“Cathay” 直译确实是“中国”，但它特指 中世纪欧洲对中国的古称，源于“契丹”（Khitan）一词.
“Cathay” 的发音与中文“国泰”非常接近, 取 “国泰民安” 之意.

The economy recovered so quickly that the government enjoyed a *budget surplus* (过剩；剩余；过剩量) 预算盈余 for the 1947–1948 financial year.

The colonial government later estimated that the infusion 注入；涌入 of Shanghai capital and business experience gave the colony a ten- to fifteen-year *head start* 领先优势；起步优势 over the rest of East Asia.

Example 6. 案例

Hong Kong’s recovery could not have been accomplished, however, without an enterprising and resourceful population that, having endured the Japanese occupation for more than three years, was ready to help rebuild Hong Kong.
By November 1945, the economy had recovered so well that government controls were lifted and free markets restored.
By early 1946 the population had returned to around one million, although this had as much to do with the chaotic conditions in China, which provided a steady influx of immigrants, as with the efforts of the interim government.
Trade had returned to almost 60 percent of its prewar level.
During the same year, Hong Kong got its own airline, Cathay Pacific, a predominantly British corporation.
The economy recovered so quickly that the government enjoyed a budget surplus for the 1947–1948 financial year.
Hong Kong’s economy also benefited greatly from the Chinese civil war between the Nationalists and the Communists.
Although Hong Kong’s industry had already been reasonably well developed before the war, it was rejuvenated by Chinese entrepreneurs escaping the war.
The colonial government later estimated that the infusion of Shanghai capital and business experience gave the colony a ten- to fifteen-year head start over the rest of East Asia.

然而，如果没有香港人民的进取精神和创造力，香港的复苏是不可能实现的。在经历了三年多的日本占领之后，他们随时准备帮助重建香港。到1945年11月，香港经济复苏势头良好，政府解除管制，恢复自由市场。到1946年初，香港人口已回升至约一百万，这既得益于中国当时的混乱局势（持续涌入移民），也得益于过渡政府的努力。贸易额已恢复到战前水平的近60%。同年，香港拥

有了自己的航空公司——国泰航空，这是一家以英国人为主的公司。经济复苏如此迅速，以至于政府在1947-1948财政年度实现了财政盈余。香港经济也从国民党和共产党之间的中国内战中获益匪浅。尽管香港的工业在战前已经相当发达，但逃离战火的中国企业家的涌入使其重焕生机。殖民政府后来估计，上海的资本和商业经验的注入，使该殖民地比东亚其他地区领先了 10 到 15 年。

When *Rear Admiral* 海军少将 Harcourt landed (v.) at Hong Kong on August 30, observers noted (v.) that /for every British flag 后定说明 that welcomed him, there were about four Nationalist 民族主义的；国家主义的 Chinese flags.

1945年8月30日，哈考特海军少将在香港登陆时，观察者注意到，每一面欢迎他的英国国旗旁，大约都有四面中国国民党旗帜。

Yet even though pro-Chinese sentiment 情感；情绪；观点 was strong, there was very little overt (a.) 公开的；明显的 anti-British sentiment, let alone 更不用说 the type of anticolonial nationalism 民族主义；国家主义 that developed after the war in other European colonies.

The speed of Hong Kong’s postwar recovery helped restore 恢复；修复 confidence in British rule, especially **compared with** the suffering during the Japanese occupation **and with** the political and financial instability in postwar China.

Still, many Chinese —and even some Europeans —agreed that /some of the old racial barriers 种族障碍 had to be removed.

Criticism 批评；指责 of the many failures 失败；失误 of prewar British rule 谓 began to proliferate (v.)激增；扩散；繁衍 in the local press 媒体；报刊, as did *new and vocal (a.)直言不讳的；坦率的 demands* for the end of European privilege 特权；特殊待遇: the end of discrimination 歧视；偏见 in the workplace 工作场所；职场, more government positions for non-Europeans, more Chinese representation in government, and the abolition of prohibitions 禁止；禁令 against Chinese living (v.) on Victoria Peak and joining the Hong Kong Club.

Example 7. 案例

When Rear Admiral Harcourt landed at Hong Kong on August 30, observers noted that for every British flag that welcomed him, there were about four Nationalist Chinese flags.
Yet even though pro-Chinese sentiment was strong, there was very little overt anti-British sentiment, let alone the type of anticolonial nationalism that developed after the war in other European colonies.
The speed of Hong Kong’s postwar recovery helped restore confidence in British rule, especially compared with the suffering during the Japanese occupation and with the political and financial instability in postwar China.
Still, many Chinese—and even some Europeans—agreed that some of the old racial barriers had to be removed.
Criticism of the many failures of prewar British rule began to proliferate in the local press, as did new and vocal demands for the end of European privilege: the end of discrimination in the workplace, more government positions for non-Europeans, more Chinese representation in government, and the abolition of prohibitions against Chinese living on Victoria Peak and joining the Hong Kong Club.

8月30日，哈考特海军少将抵达香港时，观察人士注意到，迎接他的英国国旗与国民党旗帜的数量几乎相等。尽管亲华情绪高涨，但公开的反英情绪却寥寥无几，更遑论像其他欧洲殖民地战后兴起

的那种反殖民民族主义。香港战后迅速复苏，有助于恢复人们对英国统治的信心，尤其与日本占领时期的苦难以及战后中国的政治和经济动荡相比更是如此。尽管如此，许多中国人——甚至一些欧洲人——都认为必须消除一些旧有的种族壁垒。对战前英国统治诸多弊端的批评开始在当地媒体上广泛传播，同时，要求结束欧洲特权的呼声也日益高涨：结束职场歧视，为非欧洲人提供更多政府职位，增加华人在政府中的代表人数，以及取消禁止华人居住在太平山顶和加入香港俱乐部的禁令。

Although Hong Kong people naturally demanded (v.) retribution 报复；惩罚 against their Japanese abusers 施虐者；施暴者 and the Chinese and Eurasians who had helped them, Hong Kong’s wartime experience 战时经历 never led to the type of bitter 激烈的，充满敌意的 recrimination 指责；反控,反诉 against collaborators 通敌者；合作者 that occurred in China and in Europe.

For helping the Japanese, some Indian police and prison wardens 监狱看守；狱警 were sent back to India, and Sikhs 锡克教徒 were never again recruited 招募；征召 for the police force.

Example 9. 案例

Although Hong Kong people naturally demanded retribution against their Japanese abusers and the Chinese and Eurasians who had helped them, Hong Kong’s wartime experience never led to the type of bitter recrimination against collaborators that occurred in China and in Europe.
For helping the Japanese, some Indian police and prison wardens were sent back to India, and Sikhs were never again recruited for the police force.
For the most part, however, the British again found themselves relying on the same people they had counted on before the war.

Chau Tsun Nin, a prominent lawyer and businessman who had avoided collaborating by taking refuge in neutral Macau, was also appointed to the Legislative and Executive Councils and was made Commander of the British Empire.

尽管香港民众自然要求对日本侵略者以及曾帮助他们的华裔和欧亚裔人士进行报复，但香港的战时经历并未像中国和欧洲那样，引发对合作者的强烈谴责。一些印度裔警察和狱卒因协助日军而被遣返回印度，锡克教徒也再未被招募加入警队。然而，在很大程度上，英国人发现自己仍然依赖于战前就已倚重的那些人。1945年10月，罗伯特·科特沃尔被要求退出政坛，直至其战时记录完全洗清。次年5月殖民地民政政府复辟后，他被迫辞去行政会议议员的职务。科特沃尔此后一直未能重返政坛，周寿璠也未能完全恢复政治生涯，李泽峰也未能再次被任命为立法会议员。然而，欧亚混血的罗文锦得以重返政坛，是因为英国人认为他与日本人合作是极不情愿的。（与他在殖民地立法会任职期间不同，罗文锦在战时议会中通常保持沉默。他为数不多的发言之一是，当日本当局询问他如何改善中日关系时，他回答说，日本军队可以主动采取措施，例如不在公共场所小便。）1946年，罗文锦被任命为行政会议成员，并在其中发挥了重要作用，随后于1948年因协助重建香港而被授予爵士头衔。 周俊年是一位杰出的律师和商人，他通过躲在中立的澳门避免与当局合作，也被任命为立法会和行政会议员，并被授予大英帝国司令勋章。

Nor did the Japanese occupation create (v.) the kind of anti-Japanese sentiments 情绪；观点 that persist (v.) to this day in mainland China.

Indeed, Japanese businessmen **returned quite quickly** in the late 1940s, although under the control of American occupation forces.

Example 10. 案例

Nor did Hong Kong witness the spectacle and trauma associated with the war crimes trials conducted in Europe and in other parts of Asia.
Only 21 of the 129 Japanese accused of war crimes and tried in Hong Kong were executed.

Lieutenant General Sakai, who had led the invasion in December 1941, was captured in mainland China and executed in Nanjing.
Lieutenant General Tanaka Hisakazu, governor of Hong Kong in 1945, was also captured on the mainland and was then tried and executed in Canton.
But Governor Isogai Rensuke, who was also tried in Nanjing, served only five years of his life sentence.
Nor did the Japanese occupation create the kind of anti-Japanese sentiments that persist to this day in mainland China.
Indeed, Japanese businessmen returned quite quickly in the late 1940s, although under the control of American occupation forces.

香港也没有像欧洲和亚洲其他地区那样，经历战争罪行审判带来的惨烈场面和创伤。在香港受审的129名被控犯有战争罪行的日本人中，只有21人被处决。1941年12月入侵香港的日本中将酒井中将，在中国大陆被捕后于南京被处决。1945年担任香港总督的田中久和中将，也在中国大陆被捕，随后在广州受审并被处决。而同样在南京受审的香港总督矶贝廉介，仅服刑五年便获释。日本占领时期也没有在中国大陆造成至今仍然存在的反日情绪。事实上，尽管当时处于美军占领之下，日本商人还是在20世纪40年代末期迅速返回香港。
