registrar general 登记总监

在当时的香港（尤其是 1840 年代），Registrar General 是一个权力极大且职能特殊的职位。它不仅仅是现在的“登记员”，其实际职责涵盖了以下几个核心内容：

负责内容	具体职责描述
人口登记 (Census)	负责统计香港居民的人口数据，特别是针对华人社区。
华人事务 (Protector of Chinese)	他也被称为“华人政务司”的前身，**负责作为政府与华人领袖之间的桥梁，管理华人社区的治安与纠纷。**
牌照发放 (Licensing)	**负责管理各类商业执照，甚至包括早期对某些社会活动的特许经营权。**
治安监控 (Surveillance)	就像你之前句子中提到的，他有权进入华人住宅进行检查，确保所有住户都已登记，防止非法居留。

由于这个职位需要频繁与华人打交道，担任此职的人通常都是“中国通”（如文中的 Samuel Fearon），他们精通汉语，这也是为什么他们后来能当中文教授的原因。

But such people were rare in early Hong Kong.

Shortly after his arrival in Hong Kong in 1859, some twenty years /after the British first occupied the island, Governor Hercules Robinson complained that /not a single *senior (a.)高级的；资深的 colonial officer* in his new administration 谓 could read or write Chinese.

Example 4. 案例

Although much of the colonial government’s legal apparatus was dedicated to controlling the Chinese community, the government made little effort to understand its Chinese subjects, their society, or their customs.
Whereas in India learning local languages and cultures was considered essential for controlling Britain’s “Jewel in the Crown,” most British officials in China and Hong Kong did not share this concern.
There were, of course, exceptions.
Before coming to Hong Kong as governor, Davis had been one of the few East India Company officials to study Chinese.
Thomas Wade, a linguist and diplomat who served in Hong Kong as assistant “Chinese” secretary to the superintendent of trade, later became professor of Chinese at the University of Cambridge.
Samuel Fearon, the colony’s first registrar general, became professor of Chinese at King’s College, London.
But such people were rare in early Hong Kong.
Shortly after his arrival in Hong Kong in 1859, some twenty years after the British first

occupied the island, Governor Hercules Robinson complained that not a single senior colonial officer in his new administration could read or write Chinese. 尽管殖民政府的大部分法律机构都致力于控制华人社群，但政府却很少努力去了解其华人臣民、他们的社会和习俗。在印度，学习当地语言和文化被视为控制英国“皇冠上的明珠”的关键，但大多数在中国大陆和香港的英国官员却并不认同这种观点。当然，也有例外。戴维斯在担任香港总督之前，是少数几位学习过中文的东印度公司官员之一。曾任香港贸易总监助理“中文”秘书的语言学家兼外交官托马斯·韦德，后来成为剑桥大学的中文教授。殖民地首任注册总长塞缪尔·费伦也成为了伦敦国王学院的中文教授。但在早期的香港，这样的人才寥寥无几。 1859 年，在英国首次占领香港约 20 年后，总督赫拉克勒斯·罗宾逊抵达香港不久，便抱怨说，他新政府中没有一个高级殖民官员会读或写中文。

Nor did the early Hong Kong government 谓 make any serious attempt to incorporate 吸收；使并入；纳入 Chinese opinion.

Until the first Chinese **was appointed to** 被任命为 the Legislative Council 立法局 in 1880, 主 the only person **in charge of** the Chinese community’ s welfare 福利；福祉 系 was the registrar general, a Chinese-speaking European 后定说明 originally appointed by Governor Davis in 1844.

Instead, until the 1880s /the colonial government **relied on** a tiny handful of 极少数的 European linguists 语言学家, often *with very poor results* 结果往往很糟糕.

主 One particularly intriguing (a.)有趣的；引人入胜的；神秘的 and colorful 丰富多彩的；有趣的 后定说明 of these so-called China experts 系 was *Registrar（负责登记出生、婚姻和死亡等的）登记员，户籍管理员 General* Daniel Caldwell, who was married (v.) to a Chinese woman.

Example 5. 案例
我问: 这里 intriguing and colorful of these 中为什么会有个 of？说成 intriguing and colorful these 不行么?

这个of, 其实跟 One 连在一起的, 是短语 one of... "其中之一".

原句的语法结构其实是: One (指代 Daniel Caldwell) 表 was [intriguing and colorful] **of these so-called China experts** (后置定语).

of these so-called China experts 其实是"后置定语",修饰主语 One (即 Daniel Caldwell).

“of” 在这里是“部分与整体”的关系词，相当于中文的“……之中的……”。
即: *One of these experts* was intriguing.(他是这些专家中的一员，且他很有趣。)

中文直译：他是“这些所谓的中国通”中（of 表示所属范围）特别有趣且多彩的一位。

Another was Karl Gutzlaff, a Lutheran 路德教会的；路德宗的 missionary 传教士 who also served as an interpreter 口译员；翻译 for opium traders **in exchange for** 作为交换 using their boats **to spread Christian scriptures** 经文，经典著作；圣经。

But 主 the colonial government’ s narrow reliance (n.) on these China experts and on interpreters and intermediaries 中间人；中介者；调解人 谓 in general often created a barrier 障碍；隔阂；屏障 between the government and its subjects 臣民；国民；对象 that could cause (v.) serious problems.

主 Caldwell, who accepted bribes 贿赂；行贿财物 and **was suspected (v.) of** running brothels 妓院 and **associating with** pirates 海盗, 谓 did not speak *the Hakka 客家人 dialect* 方言 后定说明 spoken by many of Hong Kong’s Chinese residents.

考德威尔收受贿赂，并且被怀疑经营妓院、勾结海盗，但他却不会说香港许多华人居民所讲的客家话。

Example 6. 案例
我问:

这里的三个动词,
accepted 用了 -ed 是表示被动吗 (被接受贿赂)?
running 用了 -ing 是表示主动吗 (主动开妓院)?
associating 用了 -ing 是表示主动吗 (主动和海盗有联系)?

► DeepSeek

Header 1	Header 2
who **accepted** bribes	accepted 不是被动，是“一般过去时”. 这里 accepted 是谓语动词. 如果是"被动语态", 必须是 be + 过去分词 (如 was accepted)。这里只有 accepted，前面没有 be动词 (was, is等)。
and was suspected of **running** brothels and **associating with** pirates	**这两个 -ing 形式 跟在介词 of后面** (suspected of runn**ing**... and associat**ing**...)。**介词后面必须接"名词性成分"，**所以这里的 running 和 associating"**是动名词**" (Gerund)，相当于名词，表示“经营妓院”和“与海盗交往”这两件事情。

所以, 这三个动词都是主动语态, 而非"被动语态". 如果是被动语态, 就要说成下面这样:

主动	被动
who **accepted** bribes	who **was accepted** bribes
running brothels	**being run** brothels
associating with pirates	**being associated with** pirates

Gutzlaff’s weak command 控制；管辖；指挥 of 对.....的掌握；精通程度 Chinese 谓 led him to mistranslate (v.)误译；错译 government proclamations 公告；宣言；声明, sometimes **resulting in** *violent, even fatal 致命的；灾难性的, altercations* (n.)争吵；争辩；冲突 between the colonial government and the Chinese community.

Example 7. 案例
我问: 这里为什么用的是 -ing形式的 **resulting in** violent, 而不是 **resulted in** violent ?

用 **resulting in**，其实是"现在分词短语"作结果状语.

为什么用 resulting in(现在分词) 而不是 resulted in(谓语动词) ?
两者的区别在于句子结构和逻辑重心：

Header 1	Header 2
如果使用 resulted in：	Gutzlaff’s weak command... led him to mistranslate..., and (it) sometimes **resulted in** violent... altercations... **这会将 resulted 升级为另一个并列的谓语动词。**句子结构变成：A led to B, and (A) resulted in C。

Header 1	Header 2
	逻辑上，这会暗示有这两个独立的事件: "A → 导致了B", 和 "A → 导致了C", **即 B 和 C 是独立不相关的两个事件.** 但事实上, 原文中, B 和 C 是有因果关系的, 并非是独立不相干的关系.
使用 resulting in(现在分词短语)：	这**在语法上明确将 resulting in...标记为状语，修饰前面的整个主句事件**（即“他的中文差, 导致他误译”这件事）。 **即它建立了一个递进的因果链：** **A(中文差) → 导致了B(误译) → 进而又导致了C(争吵矛盾)** 因此, resulting in...强调“(C) 冲突”是前一个动作 ((B) mistranslate) 所自然而然引发的、附带产生的后续结果，而非与“(B) 误译”并列的独立结果。

总结：-ing 现在分词短语,作结果状语:

- 形式：**主句 (陈述主要事件), resulting in + 名词 (表示该事件所导致的自然结果)。**
- 功能：表示主句所述动作或情况所直接、必然引发的后续结果或影响。这种结果往往是非预期的、负面的或伴随性的。

例:

- The earthquake struck (v.) the city, **destroying** countless buildings. (地震袭击了城市，摧毁了无数建筑。) — “摧毁”是“地震袭击”的直接、伴随性结果。
- He made a critical error in judgment, **costing** the company millions. (他判断上犯了一个严重错误，让公司损失了数百万。) — “损失”是“犯错”导致的直接后果。

我又问: 如果 -ing 现在分词能作"结果状语", 那么 -ed 过去分词, 能做"结果状语"么?

► DeepSeek:

-ed 过去分词（done）通常不能独立作“结果状语”，但它可以作“伴随状语”或“方式状语”。

虽然这两者（-ing 作结果 vs. -ed 作伴随）在中文翻译上可能都译成“导致……”，但在英语语法逻辑上，-ing 强调“主动产生”，-ed 强调“被动承受”。这是你刚才那句 resulting in violent altercations 绝不能换成 resulted in 的根本原因。

-ed 分词作状语时，通常描述"主句宾语所处的状态"，或者描"述动作发生时的背景环境"。它不表示“导致新结果”，而是表示“在……状态下完成动作”。

结构：S + V + O, + done...(O 是 done 的逻辑主语，且 O 与 done 是被动关系)

例句对比:

-ing 现在分词 (doing), 表"结果"	**-ed 过去分词 (done),表"伴随/方式"**
其逻辑主语是: "主句的主语或整个事件"	其逻辑主语是: 主句的宾语 (极少数是主语)
• He fired the gun, **killing** a bird. 他开了一枪，打死了一只鸟。 (他用 -ing) **killing是结果状语。逻辑主语是 He。**动作：他开枪 → 导致 鸟死了（主动产生新事件）。	• He fired the gun, **aimed** at the bird. 他开了一枪，枪口瞄准了那只鸟。 (他用 -ed) **aimed是伴随状语。逻辑主语是 the gun** (枪被瞄准)。动作：他**开枪时，枪是处于被瞄准状态的**（描述工具状态）。
	• The boy ran out of the house, **followed** by his dog. 男孩跑出屋子，后面跟着他的狗。 (经典 -ed 伴随) **followed 的逻辑主语是 the boy** (男孩被狗跟随)。动作：**男孩跑出来，同时伴随着**

-ing 现在分词 (doing), 表"结果"	-ed 过去分词 (done),表"伴随/方式"
	"被狗跟"这个状态。

altercation

[CU] (formal) a noisy argument or disagreement 争论；争辩；争吵

→ alter, 争吵，改变。字母c 来自形容词后缀-ic, 字母i脱落。

Example 8. 案例

Nor did the early Hong Kong government make any serious attempt to incorporate Chinese opinion.
Until the first Chinese was appointed to the Legislative Council in 1880, the only person in charge of the Chinese community's welfare was the registrar general, a Chinese-speaking European originally appointed by Governor Davis in 1844.
Instead, until the 1880s the colonial government relied on a tiny handful of European linguists, often with very poor results.
One particularly intriguing and colorful of these so-called China experts was Registrar General Daniel Caldwell, who was married to a Chinese woman.
Another was Karl Gutzlaff, a Lutheran missionary who also served as an interpreter for opium traders in exchange for using their boats to spread Christian scriptures.
But the colonial government's narrow reliance on these China experts and on interpreters and intermediaries in general often created a barrier between the government and its subjects that could cause serious problems.
Caldwell, who accepted bribes and was suspected of running brothels and associating with pirates, did not speak the Hakka dialect spoken by many of Hong Kong's Chinese residents.
Gutzlaff's weak command of Chinese led him to mistranslate government proclamations, sometimes resulting in violent, even fatal, altercations between the colonial government and the Chinese community. 早期的香港政府也从未认真尝试吸纳华人意见。直到1880年首位华人议员进入立法会之前，唯一负责华人社区福利的人是登记总署署长，一位会说中文的欧洲人，最初由戴维斯总督于1844年任命。在此之前，直到19世纪80年代，殖民政府都依赖极少数欧洲语言学家，但效果往往不尽如人意。这些所谓的"中国专家"中，有一位颇为引人注目且颇具传奇色彩的人物，那就是登记总署署长丹尼尔·考德威尔，他娶了一位华人女子为妻。另一位是卡尔·古茨拉夫，一位路德教传教士，他同时也是鸦片商人的翻译，以此换取利用他们的船只传播基督教教义。然而，殖民政府对这些"中国专家"以及其他翻译和中间人的过度依赖，常常在政府与其臣民之间筑起一道屏障，从而引发严重的问题。卡德威尔收受贿赂，并被怀疑经营妓院和与海盗勾结，他不会说香港许多华人居民所说的客家话。古兹拉夫的中文水平有限，导致他翻译政府公告时出现错误，有时甚至引发殖民政府与华人社区之间的暴力冲突，造成人员伤亡。

Although some colonial officials believed that /the Chinese were best governed by their own "natural leaders," the colonial government had to avoid incurring 招致；引起 the resentment 愤恨；怨恨 of the European community by giving too much power to the Chinese elite.

In 1844, Governor Davis **introduced an ordinance** 法令；条例 giving the governor the power to appoint 任命；委派 "native Chinese *Peace Officers* 治安官."

1844年，戴维斯总督推出了一项法令，赋予总督任命"华籍治安官"的权力。

Example 9. 案例
我问: 这里, 香港总督难道可以自己给自己扩充权力么?

► gemini:

在 1840 年代的香港殖民地背景下，答案是：在很大程度上，是的，但他需要遵守一定的游戏规则。

Header 1	Header 2
1.殖民地的“立法逻辑”	当时的香港并非民主社会，而是一个“直辖领”。 • 立法局 (Legislative Council)： **虽然法律是由"立法局"通过的，但早期的"立法局"几乎完全由总督控制。** • 行政指令： **总督可以起草并推出“条例” (ordinance)。虽然理论上需要经过"立法局"讨论，但当时的立法局成员，大多是总督的下属，或由其任命。**
2.谁来制衡他？（并不是他自己）	总督并不是真正的“土皇帝”，他的头顶有两个“紧箍咒”： • 英国殖民地部 (Colonial Office)： **香港总督制定的所有条例，都必须送到伦敦。**如果英国政府觉得他玩得太过火，有权予以撤销 (Disallowance)。 • **《英皇制诰》(Letters Patent)： 这是总督权力的来源。只要他扩充权力的行为在《制诰》允许的范围内（比如为了“维持治安”），他就合法。**
3.为什么要任命“华籍治安官”？	这其实是一种“以华治华”的策略： • 人力节省： 英国警察不够用，且不懂中文，难以管理庞大的华人社区。 • 渗透控制： 这些华人治安官直接对总督负责，相当于总督把自己的手脚伸进了华人的深层社会。

这就像是一个分公司的区域总经理（总督）。他不能修改总公司的章程，但他可以自己制定“分公司管理细则”（ordinance）。他在细则里写道：“总经理有权任命保安队长（Peace Officers）。” 只要总公司（英国政府）不反对，他这就属于“合法扩权”。

(**相当于美国总统，自己制定行政部门内部的管理办法，来绕过议会立法，来扩权.**)

When *in 1853* Governor George Bonham expanded (v.) the system /by giving the *peace officers* the right to settle (v.) civil disputes 民事纠纷 and by making the Chinese community **pay for** the peace officers, a group of British residents argued that /such attempts had failed in India /and were even less likely to succeed in Hong Kong: “**There are no more** corrupt 腐败的；贪污的 people upon earth **than** the Chinese, and **from** the Emperor 皇帝 on the throne **to** the beggar 乞丐 on the dung-hill, there is not a Chinese *who is not prepared (a.) to lie* and ***support** (v.) his lie **with** an oath* 誓言；宣誓.”

世界上没有比中国人更腐败的人了，从宝座上的皇帝,到粪堆上的乞丐，没有一个中国人不准备撒谎，并以誓言来支持他的谎言。

When Bowring proposed (v.) a bill 法案；议案 in 1856 /allowing Chinese to practice 从事；执业 law, 主 a European member of *the Legislative Council* 谓 objected 反对；不赞成, arguing that /the Chinese “are *a peculiar 独特的；怪异的 race* of people, and ... are generally crafty (a.)狡猾的；狡诈的, corrupt (a.), mendacious (a.)撒谎的；不诚实的, and deficient (a.)缺乏的；不足的 in those qualifications 资格；条件 which are needed in *a trustworthy 可靠的；值得信赖的 legal adviser*.”

Example 10. 案例
a European member ... 谓 objected, arguing that ...

我问: 这里 arguing that 中的 -ing现在分词, 不是表示结果 那它表示什么?

► DeepSeek:

这里的 arguing that... 绝对不是结果状语。它表示的是伴随情况或方式，具体来说，是解释性伴随状语。

虽然我们之前说过, -ing 可以表示"结果状语". 但在本句中, objected(反对) 和 arguing(争辩) 是同步发生的。这位议员不可能先“反对”（拍桌子喊“我不同意！”），然后过一会儿才“争辩说中国人狡猾”。他一定是在反对的那一刻，同时说出了这番理由。因此，这是"伴随"，不是"结果"。

Header 1	Header 2
-ing 表结果	• He mistranslated, **resulting in** a fight. (先“误译”，后“导致”打架)。 在时间上，结果状语 (resulting in) 是表示主句动作完成之后， 才发生的后续、自然结果（时间有先后）。
-ing 表伴随	• a European member ... 谓 objected (v.), arguing that ... 时间上, objected 和 arguing 是同时关系. **为了体现这种“伴随方式”，翻译时最好用“并”、“同时”** 或冒号“：”来连接。 当宝宁（Bowring）在 1856 年提出一项法案（该法案允许华人执业法律）时，立法局的一位欧洲籍成员表示反对，**并争辩说**中国人“是一个特殊的种族，.....普遍狡猾、腐败、虚伪，且缺乏那些（被需要的）素质（这些素质是一位可信赖的法律顾问所必需的）。”

crafty

(a.)(usuallydisapproving) clever at getting what you want, especially by indirect or dishonest methods 巧妙的；（尤指）狡诈的，诡计多端的
•He’s *a crafty (a.) old devil*. 他是个奸诈狡猾的家伙。
•one of the party’s *craftiest (a.) political strategists* 这个政党最精明的政治战略家之一

→ 来自craft, 工艺。

mendacious

(a.)（formal）not telling the truth 撒谎的；不真实的；捏造的
SYN lying

→ 来自拉丁语mendax,撒谎，欺骗，来自mens,思想，思考，词源同 mind,mania.其词义引申来自语言的词义转移现象，即经过思考后想出来的谎言。也有观点认为来自mendicare,乞讨，词源同mendicant.即为了讨要而撒的谎言。

Example 12. 案例

Although some colonial officials believed that the Chinese were best governed by their own “natural leaders,” the colonial government had to avoid incurring the resentment of the European community by giving too much power to the Chinese elite.
In 1844, Governor Davis introduced an ordinance giving the governor the power to appoint “native Chinese Peace Officers.” When in 1853 Governor George Bonham expanded the system by giving the peace officers the right to settle civil disputes and by making the Chinese community pay for the peace officers, a group of British residents argued that such attempts had failed in India and were even less likely to succeed in Hong Kong: “There are no more corrupt people upon earth than the Chinese, and from the Emperor on the throne to the beggar on the dung-hill, there is not a Chinese who is not prepared to lie and support his lie with an oath.” When Bowring proposed a bill in 1856 allowing Chinese to practice law, a European member of the Legislative Council objected, arguing that the Chinese “are a peculiar race of people, and ...
are generally crafty, corrupt, mendacious, and deficient in those qualifications which are needed in a trustworthy legal adviser.” 15 Nevertheless, in 1857 the British government allowed Chinese to qualify as lawyers, and in 1858 Bowring introduced an ordinance allowing Chinese to serve on juries and for Chinese-style wills to be valid in court.
Partly because of opposition from the European community and partly because the government decided to improve its relationship with the emerging Chinese merchant class, the peace officer schemes were abolished in 1861. 尽管一些殖民官员认为，由华人自己的“天然领袖”来治理才是最佳选择，但殖民政府必须避免因赋予华人精英过多权力而激怒欧洲社会。1844 年，戴维斯总督颁布法令，赋予总督任命“本地华人治安官”的权力。1853 年，乔治·邦汉总督进一步扩大了这一制度，赋予治安官解决民事纠纷的权力，并要求华人社区支付治安官的费用。对此，一些英国居民指出，此类尝试在印度已经失败，在香港更不可能成功：“世上没有比华人更腐败的人了，从皇位上的皇帝到粪堆上的乞丐，没有一个华人不准备撒谎，并且会用誓言来支持自己的谎言。” 1856 年，鲍林提出一项法案，允许华人从事律师职业。一位欧洲裔立法会议

员对此表示反对，认为华人“是一个特殊的民族，……通常狡猾、腐败、说谎，缺乏一名值得信赖的法律顾问所需的素质。” 15 然而，1857 年，英国政府允许华人取得律师资格。1858 年，鲍林又提出一项法令，允许华人担任陪审员，并承认中式遗嘱在法庭上的有效性。由于部分原因是来自欧洲社会的反对，部分原因是政府决定改善与新兴华人商人阶层的关系，治安官制度于 1861 年被废除。

为了确保欧洲人的货在华人船上不被偷、不被抢，港英政府在1860年颁布了一个法律，强迫华人船主办证(身份锁定, 用于追责)，并允许警察随时随地搜船(保护欧籍人的财产不流失)，不需要任何搜查令。

To protect European property transported in Chinese cargo boats, in 1860 he introduced an ordinance requiring boat owners and their crews to purchase licenses and giving the police wide powers to search cargo boats without warrants.
In 1863 he introduced measures for regulating sedan chairs and carriers.

Robinson was the first governor not to receive a formal farewell from the Chinese community when he left in 1865. 让华人更多地参与自治的一大障碍是殖民政府自相矛盾的政策。为了确保本地华人理解政府政策，鲍林的继任者罗宾逊下令出版中文版的《 政府公报》。 然而，罗宾逊几乎没有努力争取华人精英的支持。尽管他经常谈到华人对香港港口繁荣发展的重要性，但他同时也坚信华人社区主要由罪犯组成。他制定了针对华人及其财产的登记制度，要求那些更有可能接触到欧洲人及其财产的华人进行登记。为了保护由华人货船运输的欧洲财产，他在1860 年颁布了一项法令，要求船主及其船员购买许可证，并赋予警方广泛的权力，无需搜查令即可搜查货船。1863 年，他又出台了管理轿子和轿夫的措施。1865 年离任时，罗宾逊是第一位没有得到华人社区正式欢送的总督。

No governor tried to control the Chinese population **as vigorously (adv.)强有力地；精力充沛地 as** Robinson’s successor 继任者；接班人, MacDonnell, who came to Hong Kong with almost twenty years’ experience as colonial governor in the British Empire.

Although he claimed to have lowered (v.) the *crime rate* and reduced the number of prisoners in Hong Kong, **he did so** by expanding (v.) the power of the police, strengthening (v.) curfews 宵禁；宵禁令, and increasing the use of *flogging 鞭笞；鞭打, hanging, and deportation* 驱逐出境；放逐 —not only for convicted 定罪的；宣判有罪的 criminals, but also for beggars 乞丐；乞讨者, lepers 麻风病患者, and “dangerous” or “suspicious” characters.

Example 16. 案例

leper

(n.)
1.a person suffering from leprosy 麻风病患者
2.a person that other people avoid because they have done sth that these people do not approve of（因其所为而）被大家躲避的人；别人唯恐躲之不及的人

→ 来自拉丁语lepra,麻风，词源同leaf.委婉语，因这种病症皮肤如同小叶片而得名。

Leper（麻风病人）指患有麻风病（Hansen’s disease）的人，**该病由"麻风杆菌"引起，可导致皮肤、神经和呼吸道受损。**历史上，该词带有严重的歧视意味，现常用于比喻遭人厌恶、排斥或孤立的人。现代医学表明麻风病可治愈, 且不具高度传染性。

In 1866, MacDonnell introduced a solution for relieving 缓解；减轻；解除 Hong Kong’s overcrowded jails: prisoners would volunteer (v.)自愿；主动 to be branded 打烙印；烙记号 or tattooed 给……文身；刺花纹 and deported 驱逐；放逐, **on the condition that** they would be flogged and reimprisoned 再次监禁；重新关押 if they ever returned to Hong Kong.

Example 17. 案例

其实就是 MacDonnell 给囚犯两个选择:
1.继续坐牢
2.自愿接受烙印/纹身，然后被驱逐出境。但附加条件是: 如果你敢偷偷回来且被抓到，等待你的是：鞭刑（Flogging）+ 重新坐牢。 **纹身的作用就是给你做个 tag, 标记, 让我以后能识别出你是当初和我达成交易的那个罪犯.**

Example 18. 案例

No governor tried to control the Chinese population as vigorously as Robinson’s successor, MacDonnell, who came to Hong Kong with almost twenty years’ experience as colonial governor in the British Empire.
Although he claimed to have lowered the crime rate and reduced the number of prisoners in Hong Kong, he did so by expanding the power of the police, strengthening curfews, and increasing the use of flogging, hanging, and deportation—not only for convicted criminals, but also for beggars, lepers, and “dangerous” or “suspicious” characters.
In 1866, MacDonnell introduced a solution for relieving Hog Kong’s overcrowded jails: prisoners would volunteer to be branded or tattooed and deported, on the condition that they would be flogged and reimprisoned if they ever returned to Hong Kong. 没有哪位总督像罗宾逊的继任者麦唐奈那样大力控制香港华人。麦唐奈到任香港前，已在英国殖民地担任总督近二十年。尽管他声称降低了香港的犯罪率和囚犯人数，但实际上却是通过扩大警察权力、加强宵禁以及增加鞭笞、绞刑和驱逐出境等刑罚来实现的——这些刑罚不仅针对罪犯，也针对乞丐、麻风病人以及“危险”或“可疑”人物。1866年，麦唐奈提出了一项缓解香港监狱人满为患的方案：囚犯自愿接受烙印或纹身并被驱逐出境，条件是如果他们胆敢返回香港，将被鞭笞并重新监禁。

Even more convinced (a.)确信的；深信的 than Robinson that Europeans and Chinese should not **be treated equally** under the law, MacDonnell introduced a wider registration program for managing (v.) the Chinese population.

In 1866, he tried to control (v.) all Chinese boats entering and leaving the harbor.

MacDonnell’s most controversial 有争议的 reform 系 was *his short-lived plan* to end (v.) police corruption by ***regulating*** *(v.) gambling* ***through*** *licensing* 许可证；执照发放.

Almost all of MacDonnell’s measures **led to** opposition 反对；反抗 from the Chinese community of Hong Kong, with mixed (a.) results.

Some Chinese simply left Hong Kong after *the 1866 registration ordinance* 法令；条例, while others resisted (v.)抵抗；反抗 other ordinances by **not paying for** the new licenses, but this opposition generally had little effect on government policy.

Chinese elites did, however, succeed (v.) in **forcing** MacDonnell **to end (v.) his scheme** for regulating (v.) gambling.

In 1871 they argued in a petition 请愿书；申诉书 that /the system had increased corruption, bankruptcy, robbery, suicide, and the selling of children into slavery 奴役；奴隶制度.

Example 19. 案例

Even more convinced than Robinson that Europeans and Chinese should not be treated equally under the law, MacDonnell introduced a wider registration program for managing the Chinese population.
In 1866, he tried to control all Chinese boats entering and leaving the harbor.
MacDonnell’s most controversial reform was his short-lived plan to end police corruption by regulating gambling through licensing.
Almost all of MacDonnell’s measures led to opposition from the Chinese community of Hong Kong, with mixed results.
Some Chinese simply left Hong Kong after the 1866 registration ordinance, while others resisted other ordinances by not paying for the new licenses, but this opposition generally had little effect on government policy.

Chinese elites did, however, succeed in forcing MacDonnell to end his scheme for regulating gambling.
In 1871 they argued in a petition that the system had increased corruption, bankruptcy, robbery, suicide, and the selling of children into slavery. 麦克唐奈比罗宾逊更加坚信欧洲人和中国人不应在法律面前享有同等待遇，因此他推行了一项范围更广的华人登记制度来管理华人人口。1866年，他试图控制所有进出港口的中国船只。麦克唐奈最具争议的改革是他短暂推行的通过发放许可证来规范赌博以根除警察腐败的计划。麦克唐奈的几乎所有措施都遭到了香港华人社区的反对，但结果却喜忧参半。一些华人在1866年登记条例颁布后直接离开了香港，而另一些人则通过拒缴新许可证费用来抵制其他条例，但这种反对总体上对政府政策影响甚微。然而，华人精英最终成功迫使麦克唐奈放弃了其赌博管制计划。1871年，他们在请愿书中指出，该制度加剧了腐败、破产、抢劫、自杀以及贩卖儿童为奴等现象。

Like his predecessors 前任；前辈, 主 Hennessy, MacDonnell’s successor 继任者；接班人, 谓 used *a broad 广泛的；宽泛的 definition of crime* and *high rates of prosecution* 起诉；检举 to control the Chinese population.

和他的前任一样，麦克唐奈的继任者 — 轩尼诗, 用宽泛的犯罪定义 和高起诉率, 来控制华人人口。

However, convinced (a.) that MacDonnell’s programs had been inhumane (a.)不人道的；残忍的 and a violation of British justice 正义；司法, Hennessy tried to abolish flogging **as well as** branding 烙刑；烙印 and tattooing.

Trying to modernize 使现代化 *the penal (a.)刑罚的；刑事的 system* along contemporary 当代的；现代的 British lines（行进的）方向，路线；方位;方法；方式, he introduced *longer prison terms* **instead of** 代替，而不是 branding and deportation 驱逐；放逐.

为了按照当代英国的模式, 使刑罚制度现代化，他推行了更长的刑期，取代了烙刑和流放。

Example 20. 案例
along...lines = in the way of... 按照..... 的方式

常和 design / reform / plan / modernize 等词连用

- We should build education **along American lines**. 我们应该按照美国模式,建设教育。

While 尽管，虽然 some Chinese elites also opposed 反对 Hennessy’s reforms, the Chinese community generally supported them.

虽然一些中国精英也反对轩尼诗的改革，但华人社区总体上是支持的。

Hennessy eventually **had his way** 如愿以偿；达到目的, and 主 both branding and flogging practices 做法；惯例 谓 were abolished by the Colonial Office 殖民办公室 in 1880 (although Hennessy’s successor, George Bowen, approved (v.) the flogging of prisoners 后定说明 **as young as** 年仅.....；和..... 一样年轻 twelve /and **for** very minor offenses 违法行为；罪行).

1880年，殖民地办公室废除了打烙印和鞭打的做法（尽管Hennessy的继任者George Bowen批准对12岁的囚犯和非常轻微的罪行进行鞭打）。

Example 21. 案例
approved the flogging of prisoners ... for very minor offenses.

核心动作：approved the flogging（批准鞭打）
对象：of prisoners as young as twelve（针对年仅12岁的囚犯）
原因/条件：for very minor offenses（因为非常轻微的罪行）

"for very minor offenses" 是鞭打行为发生的原因或前提条件。它说明了鞭打是在什么情况下被批准的.

Example 22. 案例

Like his predecessors, Hennessy, MacDonnell’s successor, used a broad definition of crime and high rates of prosecution to control the Chinese population.
However, convinced that MacDonnell’s programs had been inhumane and a violation of British justice, Hennessy tried to abolish flogging as well as branding and tattooing.
Trying to modernize the penal system along contemporary British lines, he introduced longer prison terms instead of branding and deportation.
While some Chinese elites also opposed Hennessy’s reforms, the Chinese community generally supported them.
Hennessy eventually had his way, and both branding and flogging practices were abolished by the Colonial Office in 1880 (although Hennessy’s successor, George Bowen, approved the flogging of prisoners as young as twelve and for very minor offenses). 与前任一样，麦克唐奈的继任者亨尼西也采用宽泛的犯罪定义和高检控率来控制华人人口。然而，亨尼西认为麦克唐奈的政策不人道，违反了英国的司法原则，因此试图废除鞭刑、烙印和纹身。为了使刑罚制度现代化，使其更符合当时的英国模式，他以更长的刑期取代了烙印和驱逐。虽然一些华人精英也反对亨尼西的改革，但华人社区普遍支持这些改革。亨尼西最终如愿以偿，殖民地事务部于1880年废除了烙印和鞭刑（尽管亨尼西的继任者乔治·鲍文批准对年仅十二岁的囚犯以及轻微罪行处以鞭刑）。

Having been favorably 顺利地；亲切地；好意地 impressed 使钦佩，使留下深刻印象 by the Chinese in Labuan /when he was governor there, Hennessy was also the first governor **to make a serious effort** 作出认真努力 to enlist (v.)争取；谋取;（使）入伍 *the help and opinion* of Chinese in Hong Kong.

轩尼诗担任纳闽总督时，对纳闽华人印象深刻，他也是第一个认真争取香港华人的帮助和意见的总督。

It was Hennessy who in 1880 谓 **appointed** the first Chinese, Ng Choy, **to** the Legislative Council 立法局.

Although Ng’s appointment 任命 was only temporary (a.), it reflected (v.) the increasing influence of the Chinese merchant community, 主 which in 1879 谓 **had asked for** more representation.

The only British-educated Chinese barrister 大律师；出庭律师 in the colony, Ng was born in Singapore (making him a *British subject* 英国国民,英籍人士) and in 1877 became the first Chinese 后定说明 called to the British bar 取得英国律师执业资格,获准在英国执业.

Example 23. 案例
the first Chinese 后定说明 called to the British bar

- Bar：除了“酒吧”，**还特指“律师界”或“律师职业”。在法庭上，律师席和被告席之间有一道栏杆（Bar），只有获得执业资格的律师，才能跨过这道栏杆进入律师席。因此，“Bar”就成了律师职业的代称。**
- **Called (v.) to the Bar：字面意思是“被召唤到律师席前”，引申为“被授予律师资格”。**

这句话指的是伍廷芳（Ng，即 Ng Choy）在 1877 年通过了英国的律师资格考试，获得了在英国执业的资格。 由于他是第一个获得此资格的华人.

barrister

a lawyer in Britain who has the right **to argue cases** in the higher courts of law 出庭律师，大律师，辩护律师（在英国有资格出席上级法庭进行辩护）

→ 在英国，律师分成两种：barrister 和 solicitor。

Header 1	Header 2
barrister	**barrister**是出庭律师、大律师，**具有上庭辩护的资格，**常根据其发音称为“巴律师”. barrister中的 **bar, 指的是庭审现场中 将法庭和旁听席分开的"围栏"，因此barrister的字面意思就是有资格越过围栏，上庭辩护的律师。**
solicitor	**solicitor** 是事务律师，只能办理法律事务，**不能上庭辩护，**常根据其发音称为“沙律师”。 → solicit,请求，恳求，求助，-or,人。即被求助的人，用于指法务官，事务律师。来自拉丁语 sollicitare,打扰，麻烦，刺激，煽动，来自 sollus,整个的，全部的，词源同 solid,-cit, 召唤，使兴奋，词源同 cite,excite.后引申词义请求，恳求，以及俚语词义招嫖，拉客等。

After his short term 任期 expired 期满；终止 /Ng went to China, where, **better known as** 更为人所知的是 Wu Tingfang, he became a legal advisor 法律顾问 to the Qing government /and then the first Chinese minister 公使；大臣，外交使节 to the United States.

Only after 1883, when Governor Bowen convinced 说服 the Colonial Office 殖民部 to let him nominate (v.)提名；推荐 three *unofficial Legislative Council members*, one of whom would be Chinese, **was there** always a Chinese member on the Legislative Council.

直到1883年，鲍文总督说服殖民地办事处允许他提名三名非官方的立法会议员，其中一名将是中国人，立法会才一直有一名华人议员。

Example 24. 案例

1. was there always a Chinese member on the Legislative Council. 这里was there 为什么要用倒装?

这里使用倒装, 是因为句子以 “Only after 1883” 这个表示时间的状语开头。

在英语中，当句首状语由 “only + 副词/介词短语/从句” 构成时，句子通常需要采用"部分倒装"结构。也就是说，助动词（如 was）要提到主语（there）之前。

- 正常语序（逻辑顺序）： There was always a Chinese member on the Legislative Council /only after 1883.
  （直到1883年之后，立法局才一直有华人成员。）
- 倒装语序（为了强调时间状语）： **Only after 1883 /was there** always a Chinese member...
  （强调“直到1883年”这个时间点之后，情况才发生改变。）

Bowen nominated (v.) Wong Shing, *a journalist and businessman* educated at *the Morrison Education Society School* and in the United States, where he later served (v.) in the Chinese legation 公使馆 in Washington.

鲍文提名 Wong Shing，他是一名记者和商人，曾在莫里森教育学会学校（Morrison Education Society School）和美国接受教育，后来在中国驻华盛顿公使馆任职。

According to 据……所述 Bowen, Wong was “fully qualified (a.)有资格的；合格的 **to look at** Chinese affairs with English eyes /and **at** English affairs with Chinese eyes.”

据鲍文称，Wong “完全有资格用英国人的视角看待中国事务，也能用中国人的视角看待英国事务。”

Having been favorably impressed by the Chinese in Labuan when he was governor there, Hennessy was also the first governor to make a serious effort to enlist the help and opinion of Chinese in Hong Kong.
It was Hennessy who in 1880 appointed the first Chinese, Ng Choy, to the Legislative Council.

Only after 1883, when Governor Bowen convinced the Colonial Office to let him nominate three unofficial Legislative Council members, one of whom would be Chinese, was there always a Chinese member on the Legislative Council.
Bowen nominated Wong Shing, a journalist and businessman educated at the Morrison Education Society School and in the United States, where he later served in the Chinese legation in Washington.
According to Bowen, Wong was “fully qualified to look at Chinese affairs with English eyes and at English affairs with Chinese eyes.”16 亨尼西在担任纳闽总督期间，对当地华人印象深刻，因此他也是首位认真争取香港华人支持和意见的总督。1880 年，正是亨尼西任命吴财为立法会议员，成为首位华人议员。尽管吴财的任命只是暂时的，但这反映了华人商界日益增长的影响力，他们早在 1879 年就要求增加代表权。吴财是当时香港唯一一位在英国接受教育的华人律师，出生于新加坡（因此是英国公民），并于 1877 年成为首位获得英国律师资格的华人。任期结束后，吴财返回中国，化名吴廷芳，先后担任清政府的法律顾问和首位中国驻美公使。直到 1883 年，鲍文总督说服殖民地事务部允许他提名三名非官方的立法委员会成员，其中一人必须是华人之后，立法委员会才始终有华人成员。鲍文提名了黄星，他是一位记者兼商人，曾在莫里森教育协会学校和美国接受教育，后来在美国的中国使馆任职。鲍文认为，黄星“完全有资格用英国人的视角看待中国事务，也能用中国人的视角看待英国事务”。 16

Hennessy also tried to reduce (v.) racial discrimination 歧视，区别对待 and segregation 隔离；分离.

In 1877 and 1880 he allowed Chinese **to buy land** in areas previously reserved for Europeans.

In 1880 he helped *local Chinese leaders* end (v.) the discriminatory 歧视的；不公平的 policy of the *City Hall* 市政厅 museum and library, where Chinese were allowed *only at certain times* 只在特定时间被允许进入.

Hennessy’s *liberal 开明的；自由主义的 ideas* about racial equality 种族平等 had already alienated (v.)使疏远；使不友好 the British community of Barbados 巴巴多斯（拉丁美洲国家）, where he had been governor.

In Hong Kong, the European community **blamed** (v.) his *“pro-Chinese” policies* **for** increased (v.) crime /and even **for** *the alleged (a.)所谓的；声称的 lack of discipline and respect* for Europeans among the Chinese population.

Example 26. 案例
embroider

→ em-, 进入，使。-broid, 词源同 braid(（装饰家具和军装的）彩色穗带；<美>发辫，辫子), 编织，穗带。

Example 27. 案例

Hennessy also tried to reduce racial discrimination and segregation.
In 1877 and 1880 he allowed Chinese to buy land in areas previously reserved for Europeans.
In 1880 he helped local Chinese leaders end the discriminatory policy of the City Hall museum and library, where Chinese were allowed only at certain times.
Hennessy’s liberal ideas about racial equality had already alienated the British community of Barbados, where he had been governor.
In Hong Kong, the European community blamed his “pro-Chinese” policies for increased crime and even for the alleged lack of discipline and respect for Europeans among the Chinese population.

He was so disliked by the European community that when he left the colony in early 1882, no members of the British business community went to the pier for the traditional farewell ceremony.
Leading members of the Chinese community, however, came to bid the governor farewell, presenting him with gifts and embroidered silk banners. 亨尼西也曾努力减少种族歧视和隔离。1877年和1880年，他允许华人购买此前专供欧洲人居住的土地。1880年，他帮助当地华人领袖终止了市政厅博物馆和图书馆的歧视性政策，此前华人只能在特定时间进入。亨尼西关于种族平等的自由主义思想早已疏远了他曾任总督的巴巴多斯的英国社群。在香港，欧洲社群将犯罪率上升，甚至华人缺乏纪律和对欧洲人的尊重归咎于他的“亲华”政策。他如此不受欧洲社群待见，以至于1882年初他离开香港时，没有一位英国商界人士前往码头参加传统的送别仪式。然而，华人社群的领袖们却前来向总督告别，并向他赠送了礼物和绣花丝绸旗帜。
