1. Colonial Education 殖民教育

As in other colonies, in Hong Kong **neither** 既不……（也不……）；两者都不 the intent 意图；目的 **nor** the result of these cultural projects 项目；工程 was ever so clear-cut 明确的；清晰的;（树木被砍光的）皆伐区.

与其他殖民地一样，在香港，这些文化项目的意图和结果都不那么明确。

For example, although colonial education **was designed** to train (v.) *compliant 顺从的；服从的 subjects* 臣民；国民 and **to help further** (v.)促进；推进 Sino-British 中英的 *commercial and diplomatic relations*, it was shaped (v.) by several factors：① *political conditions* and *educational developments* in China and Britain, ② Britain’s *changing (a.)变化中的，改变中的 relations* with China, ③ and conditions in Hong Kong, including *the “social composition 构成；组成 and attitude* of the local Chinese community.”

例如，尽管殖民教育旨在培养顺从的臣民，并有助于促进中英商业和外交关系，但它受到几个因素的影响：中国和英国的政治状况与教育发展、英国与中国不断变化的关系，以及香港的情况，包括“当地华人社区的社会构成和态度”。

Example 1. 案例

我问: 这里 educational developments, changing relations 为什么用的都是复数?

- Educational developments：
  复数含义：指的不是单一的“教育发展”，**而是一系列具体的、发生在不同时期或不同领域的**“教育事件”或“发展进程”。
  具体指代：可能包括中国科举制度的改革、新式学堂的建立、西方教育理念的传入，以及英国本土教育政策的调整等多个方面的进展。

- Changing relations (变化中的关系)：
  复数含义：指的不是“一种变化的关系”，而**是关系在不同阶段,呈现出的不同状态。**
  具体指代：中英关系经历了从鸦片战争前的贸易摩擦，到战争后的条约签订，再到后来的外交博弈等多个阶段，**每个阶段的关系状态都不同，因此用复数表示这种历史演变。**

使用复数形式（developments, relations）是为了更准确地描述历史事实：这些因素并非单一事件，而是由多个具体事件、多个阶段共同构成的复杂背景。

Example 2. 案例

As in other colonies, in Hong Kong neither the intent nor the result of these cultural projects was ever so clear-cut.
For example, although colonial education was designed to train compliant subjects and to help further Sino-British commercial and diplomatic relations, it was shaped by several factors: political conditions and educational developments in China and Britain, Britain’s changing relations with China, and conditions in Hong Kong, including the “social

composition and attitude of the local Chinese community.”17 与其他殖民地一样，在香港，这些文化项目的意图和结果都并非那么清晰明确。例如，尽管殖民地教育旨在培养顺从的臣民，并促进中英经贸和外交关系，但它受到多种因素的影响：中国和英国的政治状况和教育发展、英国与中国关系的变化，以及香港的现状，包括“当地华人社区的社会构成和态度”。 17

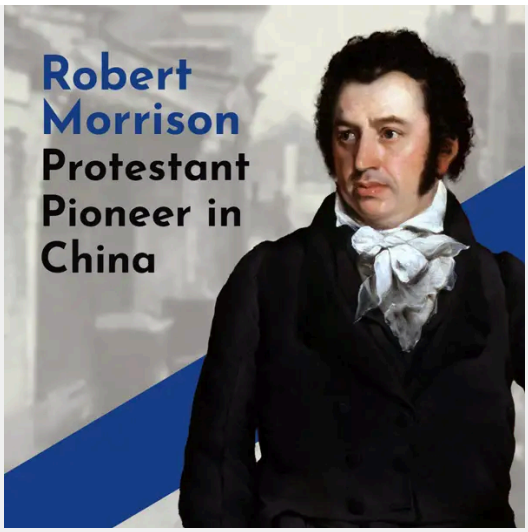
The first schools in colonial Hong Kong 系 were *private Chinese schools* and those run (v.) by *Christian missionary 传教的 organizations*, such as *the Morrison Education Society School* (named after Robert Morrison, the first Protestant (a.n.)新教的 missionary to China), which **moved to** Hong Kong from Macau in 1842, and *the London Missionary 传教的 Society’s Anglo-Chinese College*, which came from Malacca in 1843.

Example 3. 案例

这段话描述了香港教育史的“拓荒时代”。在英国政府还没打算在香港盖公立学校之前，教会学校充当了文化先锋队的角色。

Header 1	Header 2
Morrison Education Society School	地位： 中国近代第一所西式学堂，被誉为**“近代留学生的摇篮”**。 这所学校是为了纪念第一位来华的新教传教士马礼逊 (Robert Morrison) 而设立的。它最初在澳门，1842 年搬到香港（就在现在的摩理臣山附近）。 这所学校最出名的学生是容闳 (Yung Wing)。他后来成了第一个从美国耶鲁大学毕业的中国人，也是“中国留学生之父”。 虽然学校在 1849 年因为资金问题停办了，但它种下的“留学报国”和“西学东渐”的种子却影响了整个近代中国。 停办原因: **随香港政府支持成立中央书院，众多小规模教会学校得不到支持，**加上勃朗及马礼逊教育会创办人裨治文已离港，学校1850年停办。
Anglo-Chinese College	地位： 全球第一所将“中西文化结合”写进校名的学校，也是中国近代出版业的始祖。 它原本是 1818 年在马六甲成立的，目的是培养能沟通中西的翻译人才。1843 年搬到香港。 英华书院与汉学、华语翻译、新教在华传教、香港开埠及教育、华文报刊出版及印刷方面的历史息息相关。 现状（2026年）： 依然存在且名声显赫。 英华书院后来发展成了香港著名的男子中学，至今仍是香港“传统名校”之一. 英华书院（英语：Ying Wa College，缩写：YWC，旧称：Anglo-Chinese College），是香港一所基督教男子中学. 被坊间称为“传统名校”的22间学校之一.

Robert Morrison



罗伯特·莫里森（Robert Morrison，1782 年 1 月 5 日 - 1834 年 8 月 1 日），英国皇家学会会员，是一位英国 [2] [3] 基督教新教传教士，曾前往葡属澳门 、 清代广东和荷属马六甲传教 。他也是一位汉学家.

由于清朝禁教政策，他无法公开传教，于 1809 年受雇于英国东印度公司担任翻译，以此作为掩护在广州、澳门等地秘密从事传教活动.

马礼逊的主要贡献:

- -中文版《圣经》 (Divine Chronicle)：他与另一位传教士米怜（William Milne）合作，第一次将整部《圣经》翻译成中文。
- 《华英字典》 (A Dictionary of the Chinese Language)：这是世界上第一部完整的华英字典。
- 1818 年，他在马六甲创办了"英华书院" (Anglo-Chinese College)，这是近代传教士开办的第一所中文学校，培养了许多早期通晓中英文化的人才(包括容闳,中国第一位留美学生)，后迁至香港，对香港早期教育影响深远.

马礼逊是那个时代最孤独的先驱。他来中国 27 年，一生只回过一次英国，最终也死在了这片土地上。

香港的摩理臣山 (Morrison Hill) 即以其名字命名，以纪念他在语言和传教事业上的贡献.

Wikipedia:
Morrison pioneered the translation of the Bible into Chinese and planned for the distribution of the Scriptures as broadly as possible, unlike the previous Roman Catholic translation work 后定说明 that had never been published.

我问: 为什么之前罗马天主教从未出版过翻译圣经? 西方在中国的传教, 不是很早就开始了么? 为什么之前不翻译圣经?

► gemini:

马礼逊开创了将《圣经》翻译成中文并大规模印刷、公开发行的先河。在他之前，虽然天主教传教士（如利玛窦等）已经在中国待了200多年，也翻译了部分《圣经》内容，但**那些翻译大多是手抄本，**仅供传教士内部使用或给极少数高级信徒阅读，**从未正式“出版”给大众。**

为什么天主教之前不“出版”中文圣经？

这表现出了基督新教（Protestant）与罗马天主教（Roman Catholic）在传教策略、神学理念, 以及技术背景上的根本差异。
简单来说：天主教是“老师带着读课本”，而新教是“人手发一本课本”。

Header 1	天主教	新教
神学原因	（主厨模式）：**当时的天主教认为，《圣经》极其深奥，普通信徒如果自己乱读，很容易产生误解，导致“思想走火入魔”（异端）。所以，**他们像主厨一样，把《圣经》里的精华提炼成“教义问答”（Catechism）或“经文选读”，**由神父讲解给信徒听。**	新教（自助餐模式）：也就是马礼逊所属的宗派。他们坚持**“唯独圣经”（Sola Scriptura）。他们认为每个信徒都有权、且必须直接阅读神的话语。**所以，马礼逊的目标是：只要能识字，人手一册。
政策原因	**在马礼逊时代之前的很长一段时期，罗马教廷规定：正式的礼拜和《圣经》必须使用拉丁语（Vulgate）。** • 天主教传教士觉得：**既然正式场合用拉丁语，那么翻译中文《圣经》就没有必要。** • 他们更倾向于翻译科学、数学、哲学（如利玛窦翻译《几何原本》），以此吸引中国士大夫，觉得这才是进入中国的“敲门砖”。	
历史原因	在17、18世纪，天主教内部为了“中国人能不能祭祖、祭孔”，爆发了激烈的“礼仪之争”。这导致清朝皇帝（康熙、雍正）大怒，下令禁教。天主教传教士在清朝中后期基本处于“地下状态”或被驱逐，根本没有条件去大规模印刷和分发中文圣经。	

In 1847, **in accordance with** 按照...的规定或要求；与.....一致 similar programs in Britain, the British government allowed the colonial government **to provide** a limited grant 拨款；补助金 **to** several Chinese village schools.

Although 主 funding (v.) 尽管在香港资助中文教育 (这代表了与"英国殖民政策"的决裂 (在英国殖民政策中, 在印度, 东方学者 (该东方学者相信西方知识和价值观, 可以通过印度语言传播), 输给了英国化派 (该英国化派确信政府应该只支持英语))), 但从 1850 年到 1859 年, 香港的中文乡村学校的数量增加了, 而英中传教士学校的数量减少了。

Example 4. 案例

- Orientalists (东方学者) ：指在殖民时期, 主张尊重和研究东方 (如印度) 本土语言和文化的学者或官员。他们主张通过本地语言, 来传播西方知识。
- Anglicists (英国化派) :指在殖民时期, 主张推广英语教育, 认为英语是传播西方文明和价值观最佳工具的学者或官员。他们通常主张压制本地语言教育。

- Lost (v.) out to (输给了) : 这里指在政策辩论中, 东方学者的主张, 被"英国化派"的主张所取代, 英国化派取得了胜利。
- **括号内的内容 (in India, the Orientalists... lost out to the Anglicists...) 是对前面 British colonial policy 的具体解释。**

Example 5. 案例

The first schools in colonial Hong Kong were private Chinese schools and those run by Christian missionary organizations, such as the Morrison Education Society School (named after Robert Morrison, the first Protestant missionary to China), which moved to Hong Kong from Macau in 1842, and the London Missionary Society' s Anglo-Chinese College, which came from Malacca in 1843.
In 1847, in accordance with similar programs in Britain, the British government allowed the colonial government to provide a limited grant to several Chinese village schools. Although funding Chinese education in Hong Kong represented a break from British colonial policy (in India, the Orientalists, who believed that Western knowledge and values could be spread through Indian languages, lost out to the Anglicists, who were convinced that the government should support only English), from 1850 to 1859 the number of Chinese village schools in Hong Kong increased, while the number of Anglo-Chinese missionary schools decreased. 殖民地时期香港最早的学校是私立华文学校和基督教传教机构开办的学校，例如1842年从澳门迁至香港的摩立生教育会学校（以首位赴华新教传教士罗伯特·摩立生的名字命名），以及1843年从马六甲迁至香港的伦敦传教会英华书院。1847年，效仿英国的类似政策，英国政府允许殖民地政府向一些华人乡村学校提供有限的资助。尽管资助香港的华文教育标志着英国殖民政策的突破（在印度，东方学家认为西方知识和价值观可以通过印度语言传播，但最终败给了坚持政府只支持英语的英国学者），但从1850年到1859年，香港华人乡村学校的数量有所增加，而英华传教士学校的数量则有所减少。

Although Christian churches continued **to play an important role** in Hong Kong' s education system, the government, with the guidance 指导；引导 of James Legge, began **to take a more active role** in education /and to stress (v.)强调；着重；重视 the teaching of English.

(Although he was a missionary 传教士, Legge opposed (v.)反对；抵制；阻挠 *church control of education* and *compulsory (a.)强制的；义务的；必修的 religious education*.

He also admired 钦佩；赞赏；仰慕 Confucianism 儒家思想；儒学 /and saw (v.) no need to replace (v.)取代,替换 it with Christianity.)

This shift (n.) was partly shaped (v.) by changing attitudes toward *education in Britain*, where 主 *church control* of education 谓 had fallen **out of favor** 不再受欢迎；失宠；被淘汰, and by colonial officials' conviction 坚定的信念；确信；深信 that 主 teaching English 谓 would help improve (v.) Sino-British relations.

But the shift also reflected (v.) the attitudes and demand of a rising 兴起的；新兴的 Chinese middle class, which increasingly **called for** 呼吁；要求 English education.

The government Central School for boys, founded (v.)建立；创办；成立 in 1862, quickly became **far more popular** *with the local Chinese middle class* **than** the village schools.

(Wealthier Chinese generally **sent** (v.) their sons **to** China /or hired (v.) private tutors 家庭教师；私人教师；导师；辅导员； a government school for girls opened in the late 1880s.)

Many Chinese boys considered (v.)考虑，认为 *the Central School* an avenue 途径；手段；方法 to a good job with European firms or *the Imperial Chinese Maritime Customs* 中国海关；海关总署.

By the 1870s, graduates 毕业生 **were acquiring (v.)获得；习得 jobs** with local trading houses 商行；商号；交易行, in the Chinese treaty ports 通商口岸, in Japan, and in the United States.

到19世纪70年代，毕业生在当地贸易公司、中国通商口岸、日本和美国找到了工作。

Example 6. 案例
我问: 这里为什么用了 were acquiring 进行时?

强调“正在获得”的过程. **作者想表达的是，在 19 世纪 70 年代这个时间段里，毕业生们 正在陆续地、持续地 获得这些工作机会。**这不仅仅是一个“他们找到了工作”的静态结果，而是一个 动态的、正在发生 的趋势。

- 如果用 acquired (一般过去时)：只表示“他们获得了工作”，是一个 "完成" 的动作，不强调过程。
- 用 were acquiring (过去进行时)：表示“他们 "正在" 获得工作”，描绘了当时毕业生就业市场 活跃 的场景，暗示这是一个 持续进行 的现象。

时间背景：By the 1870s (到 19 世纪 70 年代为止) 这个时间状语，通常与 "进行时" 或 "完成时" 搭配，表示到某个时间点为止，某个动作或状态 "一直在持续" 或 "正在发生"。

Example 7. 案例

Although Christian churches continued to play an important role in Hong Kong’s education system, the government, with the guidance of James Legge, began to take a more active role in education and to stress the teaching of English.
(Although he was a missionary, Legge opposed church control of education and compulsory religious education.
He also admired Confucianism and saw no need to replace it with Christianity.) This shift was partly shaped by changing attitudes toward education in Britain, where church control of education had fallen out of favor, and by colonial officials’ conviction that teaching English would help improve Sino-British relations.
But the shift also reflected the attitudes and demand of a rising Chinese middle class, which increasingly called for English education.
The government Central School for boys, founded in 1862, quickly became far more popular with the local Chinese middle class than the village schools.
(Wealthier Chinese generally sent their sons to China or hired private tutors; a government school for girls opened in the late 1880s.) Many Chinese boys considered the Central School an avenue to a good job with European firms or the Imperial Chinese Maritime Customs.
By the 1870s, graduates were acquiring jobs with local trading houses, in the Chinese treaty ports, in Japan, and in the United States. 尽管基督教教会在香港的教育体系中仍然扮演着重要角色，但在詹姆斯·莱格的指导下，政府开始更加积极地介入教育，并强调英语教学。（莱格虽然是一位传教士，但他反对教会控制教育和强制宗教教育。他也推崇儒家思想，认为没有必要用基督教取代儒家。）这一转变部分源于英国教育观念的转变——在英国，教会控制教育的做法已不再流行；部分源于殖民官员认为教授英语有助于改善中英关系。但这一转变也反映了日益壮大的中国中产阶级的态度和需求，他们越来越需要接受英语教育。政府于1862年创办的中央男校很快便比乡村学校更受当地中国中产阶级的欢迎。（富裕的中国人通常会将儿子送回中国留学或聘请私人教师；一所女子公立学校于19世纪80年代末开办。）许多中国男孩将中央学校视为进入欧洲公司或清政府海关获得一份好工作的途径。到了19世纪70年代，毕业生们已经在当地商行、中国通商口岸、日本和美国找到了工作。
