Until the early 1970s, the Hong Kong government had tried to spend *as little as possible* on social services.

As a 1965 government white paper 白皮书 **put it**, "`主` The economic well-being 福祉；幸福 of any community 谓 demands (v.) that *as far as possible* 尽可能地 every resident **contributes to**, rather than **draws upon** 利用，借鉴, its resources."

正如 1965 年一份政府白皮书所言：“任何社会的经济福祉，都要求尽可能让每一位居民为其资源作出贡献，而非一味索取。”

Contrary to 与…相反；违反 the common view 共识,共同看法 of Hong Kong as a laissez-faire 自由放任的；不干预的 capitalist 资本主义的 paradise, however, the government **played an increasingly critical role** in Hong Kong’s economy in the 1960s and 1970s.

Until the early 1970s, the Hong Kong government had tried to spend as little as possible on social services.
As a 1965 government white paper put it, “The economic well-being of any community demands that as far as possible every resident contributes to, rather than draws upon, its resources.” Contrary to the common view of Hong Kong as a laissez-faire capitalist paradise, however, the government played an increasingly critical role in Hong Kong’s economy in the 1960s and 1970s.
The 1967 disturbances convinced senior officials in Britain and Hong Kong that they would have to improve social conditions if they intended to maintain British rule in Hong Kong, especially given the anti-imperialist rhetoric coming from China during the Cultural

Revolution, from other British colonies, and even from within Britain.
The Star Ferry riots had revealed the discontent generated by social and economic conditions, while the disturbances of 1967 had shown how this discontent could fuel political tensions.

直到20世纪70年代初,香港政府一直试图尽可能减少社会服务方面的支出. 正如1965年的一份政府白皮书所言,“任何社区的经济福祉都要求每个居民尽可能地为社区资源做出贡献,而不是消耗资源.” 然而,与人们普遍认为香港是自由放任的资本主义天堂的观点相反,在20世纪60年代和70年代,政府在香港经济中扮演着日益重要的角色. 1967年的骚乱使英国和香港的高级官员确信,如果他们想要维持英国在香港的统治,就必须改善社会状况,尤其是在文化大革命期间来自中国、其他英国殖民地甚至英国国内的反帝言论甚嚣尘上的情况下. 天星小轮骚乱揭示了社会和经济状况引发的不满,而1967年的骚乱则表明,这种不满会如何加剧政治紧张局势.

主 The main engineer 工程师 of the Hong Kong government’s new “‘positive nonintervention’ 不干涉；放任；不介入 policy” 系 was John Cowperthwaite, financial secretary 财政司司长 from 1961 to 1971.

Unlike his contemporaries 同时代的人；同辈 in Britain, Cowperthwaite believed that the economy was best left (v.) to businessmen and that government should intervene as little as possible.

Still, he felt that government had an obligation 义务；职责；责任 to provide public works 公共工程；市政工程, public education, medical services, and housing to those truly in need.

During his tenure 任期；任职期间, real wages 实际工资 rose by 50 percent, and the percentage of impoverished (a.)贫困的；贫穷的 families dropped **from** around 50 percent **to** around 15 percent.

Nevertheless, Cowperthwaite helped to delay the offering of *free and compulsory 义务的；强制的；必修的 primary education* 初等教育 /and to thwart 阻挠；挫败；阻止 a plan for expanded welfare reform 福利改革, including workers’ retirement and insurance 保险；保险费.

Example 2. 案例
我问: 这里 expanded 后面加ed是为了什么? expanded 表示扩大的 还是"已经扩大的" ? 是否有被动态的意思在里面 ?

► DeepSeek:

它是形容词化，表示“扩大了的、经过扩展的”这一状态。它描述的是 welfare reform的性质或状态，即“范围更广的、内容更丰富的”福利改革计划。它强调的是这个计划本身是“扩展版”的，而不是“基础版”或“原有版”。

对比：

- a plan for welfare reform：一个福利改革计划（范围未知）。
- a plan for *expanded welfare reform*：一个扩大范围的福利改革计划（可能指在原有福利基础上增加新项目，如退休和保险）。

► Gemini:

在这里，expanded 强调的是状态。它并不是指正在扩大的过程（那是 expanding），而是指这个改革计划的性质——即这是一项“更广泛的、范围更大的”改革。

Living conditions in the new resettlement 重新安置；移民安置 estates 住宅区；庄园 could be dismal 忧郁的，凄凉的；惨淡的；糟糕的 (with fifty residents sharing (v.) one communal 公共的；共用的 bathroom).

新安置区的生活条件可能会很惨淡（五十个居民共用一个公共浴室）。

Example 3. 案例
为什么这里用的是 could be dismal 而不是直接 was 或 were dismal?

► DeepSeek:

这里使用 could be dismal是为了表达一种或然性（probability）和典型性（typicality），而非绝对的、单一时间点的状态。

Header 1	Header 2
could be dismal	可能性/常态：**描述在当时的环境下，经常会出现或很可能出现的糟糕状况。**它暗示了这种“惨淡”是新安置区生活的一种潜在特征或普遍现象，**并非每时每刻都如此，但一旦发生就是典型的。**
was/were dismal	事实/状态：**描述一个既定的、绝对的、无例外的事实。它断言所有新安置区在所有时间点都处于这种状态。**

► Gemini:

当我们描述过去的一种**特征（Characteristic）或倾向（Tendency）**时，常用 could。它不代表“能力”，而代表“情况往往是”。

这里使用 could be 主要有以下三个原因：

Header 1	Header 2
可能性与普遍性 (Potential vs. Universal Fact):	• were dismal 是一种全称陈述，暗示“所有的安置区在所有时间都是阴暗凄惨的”。 • could be dismal 则**表示一种可能性或潜在状态。**它承认并非每一个角落、每一时刻都处于极端糟糕的状态，但在很多情况下，这种“阴暗凄惨”是客观存在的现实。
程度的波动 (Variation in Degree):	could 在这里表示 "was/were sometimes" 或者 "had the potential to be"。安置区的条件由于管理、地段或楼层不同，程度会有差异。使用 could be 能够更严谨地表达：“条件可以达到极其凄惨的地步（例如五十人共用厕所时）”。
叙事语气 (Narrative Tone):	**could 常用来引导一个典型的例子。**它像是在说：“如果你去看当时的条件，你会发现它们竟然可以糟糕到这种程度。”这比平铺直叙的 were 更有叙事张力

我们可以用生活中的例子来对比：

- A: "The traffic in Shanghai is bad." (上海交通很烂。——**这是一个绝对的定义。**)
- B: "The traffic in Shanghai could be bad." (上海交通有时候会/可能会变得很烂。——这暗示了某种程度或特定情况，比如早晚高峰。)

在你的句子中，作者用 could be 是想告诉读者：
“这些安置区的居住条件完全可能/动不动就变得非常凄惨（比如当你看到五十个人挤一个厕所的时

候，你就知道有多惨了）。”
它强调的是一种**“甚至会达到……”**的程度，而不是简单地给所有房子贴一个标签。

对比练习：
The weather was cold. → 那天天气很冷。（事实陈述）
The weather could be very cold in winter. → 冬天的天气有时候会非常冷。（描述特征/可能性）

更多例句：
The work could be exhausting. (这份工作有时候会让人筋疲力尽。)
Life in the 19th century could be harsh for the poor. (19世纪的生活对穷人来说，往往是非常艰辛的。)

Example 4. 案例

香港政府新“积极不干预”政策的主要推手是1961年至1971年担任财政司司长的约翰·考珀斯韦特. 与英国同时代的官员不同,考珀斯韦特认为经济最好交给商人管理,政府应尽可能少地干预. 但他同时认为,政府有义务为真正需要帮助的人提供公共工程、公共教育、医疗服务和住房. 在他任职期间,实际工资增长了50%,贫困家庭的比例从约50%下降到约15%. 然而,考珀斯韦特却拖延了免费义务小学教育的实施,并阻挠了一项扩大福利改革的计划,其中包括工人退休和保险. 新建安置屋区的居住条件可能十分恶劣（五十名居民共用一个公共浴室）. 尽管玛丽女王医院于1963年开业,是当时英联邦最大的医院,但诊所和医院仍然人满为患,病人有时甚至需要共用一张床. 许多儿童没有接受过正规教育,义务免费教育直到1971年才开始在小学阶段实施,1978年才开始在中学阶段实施.

Given the problems and conditions of the 1960s, many people in Hong Kong found the administration of Murray MacLehose 麦理浩 "almost too good to be true."

The first Hong Kong governor **to be chosen from** among career (a.) diplomats 职业外交官 in the Foreign Office 外交部 **rather than from** the colonial service 殖民政府机构, MacLehose had been consul 领事 in Hankou after World War II and then ambassador 大使 to Saigon and Copenhagen（丹麦首都）; he had also been political advisor 政治顾问 to Governor Robert Black in the early 1960s.

Example 5. 案例

The first Hong Kong governor to be chosen from...

“the first + 名词 + to do” 是一个固定的英语句型，表示“第一个做某事的人/物”。 这里的动词不定式 to be chosen 具有"被动"和"定语"的双重功能。

MacLehose tried hard to evince (v.)表现；显示（感情或品质） a noncolonial image — walking to the Legislative Council chambers 会议厅；议事堂 from Government House 港督府 rather than taking the governor’s limousine 豪华轿车, meeting and talking to ordinary people, and wearing short-sleeved 短袖的, open-necked shirts while strolling 漫步；闲逛 through local neighborhoods.

Elsie Tu recalls MacLehose as a "different kind of Governor, being a diplomat (a.)有手腕的人，善交际的人, not a colonial official of the old school 老式的；传统派 that **cared little about** the rights 权利 of the local people in the colonies 殖民地 they ruled."

Example 7. 案例

Given the problems and conditions of the 1960s, many people in Hong Kong found the administration of Murray MacLehose "almost too good to be true." 24 The first Hong Kong governor to be chosen from among career diplomats in the Foreign Office rather than from the colonial service, MacLehose had been consul in Hankou after World War II and then ambassador to Saigon and Copenhagen; he had also been political advisor to Governor Robert Black in the early 1960s.

鉴于 20 世纪 60 年代的种种问题和状况,许多香港人觉得麦理浩的执政"好得令人难以置信". 24 麦理浩是首位从外交部职业外交官而非殖民地官员中选出的香港总督. 二战后,他曾任驻汉口领事,后又担任驻西贡和哥本哈根大使；20 世纪 60 年代初,他还曾担任罗伯特·布莱克总督的政治顾问. 麦理浩努力展现其非殖民主义形象——他从政府大楼步行前往立法会,而不是乘坐总督的专车；他会见并与普通民众交谈；在社区漫步时,他身穿短袖敞领衬衫. 艾尔西·图回忆说,麦理浩是一位"与众不同的总督,他是一位外交官,而不是那种对殖民地人民的权利漠不关心的旧式殖民官员." 25

Unlike his predecessors 前任；前辈, MacLehose found 发现，发觉 the concept 概念；观念 of welfare appealing 有吸引力的；令人感兴趣的, as long as 只要.....就 it was economically feasible 可行的；行得通的，办得到的 and not abused 滥用；妄用.

His administration saw a massive expansion of public housing, free comprehensive primary education, public assistance, transport, labor legislation, and social welfare.

MacLehose was a master 能手；高手 at publicizing 宣传；推广 his programs with bold promises.

He **claimed**, for example, **that** his *Ten Years Housing Scheme* 计划；方案 would end (v.) squatter 擅自占地者；寮屋居民 areas and eliminate (v.)消除；根除 overcrowding 过度拥挤；拥挤状况.

Ambitious (a.)有雄心的；有抱负的 as 虽然，尽管 this claim 声称；断言 was, other reforms, especially in education and health, gave his administration a good image 形象；印象.

尽管这个目标听起来有些好高骛远，但他在其他方面，特别是教育和卫生领域的改革，还是为他的政府赢得了良好声誉。

Example 8. 案例

“Ambitious as this claim was” 是一个倒装结构，引导让步状语从句，意思是 “尽管/虽然这个说法很夸张（或：雄心勃勃）”。

结构公式：形容词/副词/名词 + as + 主语 + 谓语动词
用来表达“尽管/虽然”这种让步意思的核心词是 as。

正常语序：Although this claim was ambitious
倒装语序：Ambitious as this claim was

整个句子的逻辑是：作者先承认麦理浩的某个说法可能有点吹牛（ambitious），然后用 as进行转折，指出尽管如此，他在其他方面实实在在的改革成果，还是为他赢得了声誉。这是一种“退一步说，但总体上肯定”的论述策略。

as

5. used to say that in spite of sth being true, what follows is also true尽管；虽然；即使

SYN though

- Happy as they were, there was something missing.尽管他们很快乐，但总缺少点什么。
- Try as he might *(= however hard he tried)*, he couldn't open the door.他想尽了办法也没能打开门。

By 1983, more than 40 percent of Hong Kong’s population lived in government housing, mainly *large complexes 建筑群；综合设施;复合体 of* high-rise (a.)高楼的 blocks 高层建筑；高楼大厦.

MacLehose’s government also began a complex（类型相似的）建筑群 of new towns, or satellite towns, in the New Territories.

Intended to be self-contained (a.)自给自足的；独立的 communities **rather than** simply residential 住宅的；居住的 units, each town would include schools, shops, restaurants, and recreation 娱乐；消遣 areas **as well as** space for industry.

Under MacLehose, the civil service 公务员体系；文职部门 expanded by more than 70 percent, **from** almost 102,000 in 1973 **to** almost 174,000 in 1983.

Faced (v.) with widespread environmental degradation 恶化；退化, in 1976 MacLehose’s government established a network of country parks.

(Hong Kong’s longest hiking 徒步旅行，远足 route 路线；小径, the MacLehose Trail, is named after the governor.)

Example 9. 案例

Unlike his predecessors, MacLehose found the concept of welfare appealing, as long as it was economically feasible and not abused.
His administration saw a massive expansion of public housing, free comprehensive primary education, public assistance, transport, labor legislation, and social welfare.
MacLehose was a master at publicizing his programs with bold promises.
He claimed, for example, that his Ten Years Housing Scheme would end squatter areas and eliminate overcrowding.
Ambitious as this claim was, other reforms, especially in education and health, gave his administration a good image.
By 1983, more than 40 percent of Hong Kong’s population lived in government housing, mainly large complexes of high-rise blocks.
MacLehose’s government also began a complex of new towns, or satellite towns, in the New Territories.
Intended to be self-contained communities rather than simply residential units, each town would include schools, shops, restaurants, and recreation areas as well as space for industry.
Under MacLehose, the civil service expanded by more than 70 percent, from almost 102,000 in 1973 to almost 174,000 in 1983.
Faced with widespread environmental degradation, in 1976 MacLehose’s government established a network of country parks.
(Hong Kong’s longest hiking route, the MacLehose Trail, is named after the governor.)

与前任不同,麦理浩认为福利制度很有吸引力,只要它在经济上可行且不被滥用. 在他的领导下,公共房屋、免费小学教育、公共援助、交通运输、劳工立法和社会福利都得到了大规模的扩张. 麦理浩擅长用大胆的承诺来宣传他的各项计划. 例如,他声称他的“十年房屋计划”将消除棚户区和人口拥挤问题. 尽管这一承诺雄心勃勃,但其他改革,尤其是在教育和卫生领域的改革,为他的政府赢得了良好的形象. 到1983年,超过40%的香港人口居住在政府房屋中,这些房屋主要是大型的高层住宅楼. 麦理浩政府还在新界启动了一系列新市镇或卫星市镇的建设. 这些市镇旨在成为自给自足的社区,而不仅仅

是住宅单元,每个市镇都将包括学校、商店、餐馆、休闲场所和工业用地. 在麦理浩执政期间,公务员队伍扩充超过70%,从1973年的近10.2万人增至1983年的近17.4万人. 面对普遍存在的环境恶化问题,麦理浩政府于1976年建立了郊野公园网络.（香港最长的远足路线麦理浩径,即以这位总督的名字命名.）

MacLehose clearly represented a departure 背离；偏离；离开 from the old colonial-style governor.

Many of his reforms, however, had been conceived 构想；设想；构思 earlier under Trench, partly as a response to the unrest in 1966 and 1967.

MacLehose’s reforms also benefited greatly from Hong Kong’s changing economic and geopolitical status.

In 1970–1971, social welfare spending was HK$40 million; it was more than $2.5 billion in 1986–1987 /and more than $15 billion in 1996–1997.

Example 10. 案例

MacLehose clearly represented a departure from the old colonial-style governor.
Many of his reforms, however, had been conceived earlier under Trench, partly as a response to the unrest in 1966 and 1967.

When he arrived in November 1971, Hong Kong had already recovered from the 1967 disturbances.
Prime Minister Harold Wilson’s Labour government was more concerned with social issues and workers’ rights than was the Conservative Party, which had ruled Britain in the late 1950s and early 1960s.
Philip Haddon-Cave, who succeeded Cowperthwaite under MacLehose, subtly departed from his predecessor’s conservative economic policy.
From 1970 to 1972, government expenditures increased by more than 50 percent, setting a pattern that steadily spiraled upward.
In 1970–1971, social welfare spending was HK$40 million; it was more than $2.5 billion in 1986–1987 and more than $15 billion in 1996–1997.

麦理浩显然代表着与旧式殖民地总督截然不同的风格. 然而,他的许多改革措施早在特伦奇时期就已构思,部分原因是为了应对1966年和1967年的动乱. 麦理浩的改革也得益于香港经济和地缘政治地位的转变. 1971年11月他到任时,香港已经从1967年的动乱中恢复过来. 与20世纪50年代末和60年代初执政的保守党相比,哈罗德·威尔逊领导的工党政府更加关注社会问题和工人权益. 在麦理浩领导下接替考珀斯韦特的菲利普·哈登-凯夫,巧妙地偏离了其前任的保守经济政策. 从1970年到1972年,政府支出增长超过50%,并由此开启了持续螺旋式上升的趋势. 1970-1971年,社会福利支出为4000万港元；1986-1987年超过25亿港元；1996-1997年超过150亿港元.

Jardine and Matheson

► DeepSeek:

Jardine and Matheson (怡和集团，官方全称 Jardine Matheson Holdings Limited) 是香港历史最悠久、最具传奇色彩的老牌英资洋行，素有“洋行之王”之称。与后面要介绍的 Hutchison-Whampoa 不同，怡和集团至今仍由创始家族（凯瑟克家族）控股，并维持着独立的上市地位（主要上市地为新加坡，伦敦为第二上市地）。

Header 1	Header 2
1832 年:	由苏格兰医生 威廉·渣甸 (William Jardine) 和商人 詹姆士·马地臣 (James Matheson) 在广州创立，初期主要从事 鸦片 和茶叶贸易。中文名“怡和”取自《左传》“民生敦庞，和同以听”。
1841-1843:	渣甸游说英国政府发动鸦片战争。**战后，怡和成为香港开埠后首家购入土地（东角，今铜锣湾）的洋行，故有“未有香港，先有怡和”之说。**总行迁至香港。
1870s-1940s:	放弃鸦片贸易，业务多元化，涉足航运、铁路（修建中国第一条铁路吴淞铁路）、金融、保险及公用事业。1912 年总部迁至上海，成为远东最大财团。
1949-1960s:	**因中国内地政权更迭，在华资产被收归国有，业务重心撤回香港。**1961 年在香港上市，获超额认购 56 倍。
1970s-1980s:	**建立“置地-怡和”互控结构以防御华资收购**（如李嘉诚、包玉刚），并开始向东南亚扩张。 1980 年代初期，英资怡和集团为了抵御以李嘉诚、包玉刚为代表的华资财团发起的敌意收购，而设计的一种"**交叉持股防御机制"。其核心逻辑是让两家核心上市公司互相持有对方大量股权，形成“连环船”结构，使得外部收购者难以单独攻破其中一家。** 什么是“互控”？ 当时的具体操作是： • **怡和控股 (Jardine Matheson Holdings) 持有 置地公司 (Hongkong Land) 约 40% 的股权。** • **置地公司 持有 怡和控股 约 40% 的股权。** 这种结构意味着： • **互为最大股东：双方都拥有对方董事会否决权，任何一方想被收购，都必须得到另一方的同意。** • **锁定股权：市面上流通的股票比例被大幅压缩（约 60%），收购方很难在公开市场收集到足够的筹码来获得控股权。** 防御逻辑：为什么能防华资收购？ • 提高收购成本：收购者若要收购怡和，必须同时面对"置地"的反制；若要收购置地，也必须过"怡和"这一关。这相当于将收购门槛提高了数倍。 • 防止“蛇吞象”：当时华资财团资金雄厚，但主要目标是收购拥有中环大量优质地皮的"置地公司"。通过互控，怡和将置地牢牢绑在自己的战车上，利用置地的资金实力反过来保护自己，避免了被“分而治之”。 历史背景与后续

Header 1	Header 2
	这一结构是在 1980 年 包玉刚成功收购九龙仓（同为英资洋行）后，怡和主席纽璧坚（David Newbigging）因恐慌而推出的“焦土政策”之一。然而，这一结构后来被证明是双刃剑： • **弊端：两家公司互相牵制，决策效率低下，且大量资金被锁定在互持股份中，无法用于业务扩张。** • 解体：1986 年，新任主席西门·凯瑟克（Simon Keswick）认为该结构限制了发展，最终通过发行 B 股等方式逐步解除了互控，转而采用更现代的控股公司架构。 之前的"蛇吞象"案例 1979年李嘉诚收购和记黄埔（和黄）是香港商业史上最经典的“蛇吞象”案例。当时长江实业（长实）市值仅约6.93亿港元，而和记黄埔市值高达62亿港元。 1979年9月25日，**李嘉诚宣布"长实"已与"汇丰银行"达成协议，以每股7.1港元的价格，购入汇丰持有的9000万股"和记黄埔普通股"（占和黄已发行股份约22.4%），总代价约6.39亿港元。** 交易细节： • 价格优惠：**每股7.1港元，较当时"和黄"市价（约10-14港元）有大幅折让，汇丰相当于“半卖半送”。** • 付款条件：**李嘉诚仅需即时支付总价的20%（约1.28亿港元），余款可延期两年支付。**更关键的是，这1.28亿首付的资金，部分也来自汇丰的贷款支持。 • 结果：**长实一举成为"和黄"最大单一股东。**1981年1月1日，李嘉诚正式出任和记黄埔董事局主席，成为首位入主英资大洋行的华人。 当时“蛇吞象”能成功的逻辑核心在于“大象”当时是“病象”，且“饲养员”急于脱手。 • 70年代末，香港前途问题初现，英资洋行（如怡和）信心动摇，开始收缩。 • “大象”虚弱（和黄自身危机）：1973年股灾及石油危机后，**"和记洋行"过度扩张，陷入严重财务困境，濒临破产。** • **汇丰银行作为主要债权人，**于1975年注资1.5亿港元接管，**成为最大股东。**汇丰银行作为其主要债权人，被迫接管并派驻韦理（Bill Wyllie）进行重组。虽然职业经理人韦理（Bill Wyllie）已将和黄扭亏为盈，但**汇丰作为银行机构，受限于监管（银行不宜长期直接经营实业）**和战略，**必须寻找接盘者。** • 当时和黄股价低迷，市值远低于其实际资产净值（NAV），这为收购提供了巨大的安全边际。 • **非公开协议转让：汇丰没有选择在公开市场竞价出售，而是以每股7.1港元（远低于市价）的优惠条件，将22.4%的和黄股权协议转让给李嘉诚。这避免了公开竞购引发的股价飙升，让长实以极低成本获得了控股权。** • 分期付款与杠杆：长实当时资产仅约7亿港元，而和黄市值数十亿。李嘉诚通过分期付款（首付仅20%）的方式，利用极低的资金撬动了巨大的资产，完美解决了资金规模不对等的难题。
	1984 年，因对香港回归前景的担忧，怡和将注册地迁往 百慕大，并在 1990 年代将主要上市地从香港转移至 新加坡 和伦敦。集团通过复杂的交叉持股（怡和控股与怡和策略互持）确保凯瑟克家族的控制权。

最新境况 (截至 2025/2026 年):

核心业务板块：	Header 2
DFI 零售集团 (Dairy Farm)：	经营惠康、7-11、万宁、宜家（东南亚特许经营）等，是东南亚最大零售集团之一。
香港置地 (Hongkong Land)：	香港中环主要地主，持有置地广场、交易广场等。受香港写字楼市场疲软影响，正加大东南亚（新加坡、雅加达）及中国内地（上海、北京、重庆）投资。
文华东方酒店 (Mandarin Oriental)：	重大变动。2025 年 10 月，集团宣布以约 42 亿美元将其 私有化，预计 2026 年初退市，以摆脱公开市场压力进行深度重组。
阿斯特拉国际 (Astra International)：	印尼最大的多元化企业之一，涉足汽车、金融、重型设备及采矿。
怡和太平洋 (JSH)：	涵盖工程、建筑（金门建筑）、航空服务及奢侈品零售（俊思集团）。

总结：怡和集团已从昔日的贸易洋行, 转型为以东南亚为大本营的跨国综合企业。虽然总部注册在百慕大，但香港及中国内地仍是其重要的利润来源地。目前集团正通过私有化"文华东方"和出售低效资产，聚焦于零售、地产及印尼市场的长期增长。

MacLehose also happened to be in Hong Kong during a period of remarkable economic growth.
By the late 1960s, Hong Kong had all the ingredients for a successful economy: strong

trade networks and a solid industrial base, a modern international banking system, good public services, and a relatively educated workforce.
Its large population, increased by the number of immigrants from China, meant more producers and consumers.
The colony’s gross domestic product grew at an average of 10 percent per year from the 1960s through the 1970s and then by five times from the early 1970s to the early 1980s.
Hong Kong’s economy benefited immensely from the growth of real estate development, led mainly by Chinese entrepreneurs such as Li Ka-shing, an immigrant from Guangdong who had begun his career in plastics and property, as well as from a large influx of foreign investment, especially from Japan and the United States.
By the late 1970s, Chinese firms had begun to eclipse the old British hongs, and Chinese entrepreneurs had founded three new stock exchanges to compete with the European-dominated Hong Kong Stock Exchange founded in the 1880s (the four stock markets merged in 1986).
In 1979, Y.
K.
Pao, a shipping magnate who had started his business in the 1950s with only one small vessel, bought out the Hong Kong and Kowloon Wharf and Godown Company, a subsidiary of Jardine and Matheson founded in 1889.
In 1980, Li Ka-shing acquired Hutchison-Whampoa, a local British giant originally established in the 1870s in docks and shipping.

麦理浩恰好在香港生活期间,正值香港经济蓬勃发展的时期. 到了 20 世纪 60 年代末,香港已具备经济成功所需的一切要素：强大的贸易网络和稳固的工业基础、现代化的国际银行体系、良好的公共服务以及相对高素质的劳动力. 庞大的人口,加上来自中国内地的移民,意味着更多的生产者和消费者. 从 20 世纪 60 年代到 70 年代,香港的国内生产总值年均增长 10%,而从 70 年代初到 80 年代初,更是增长了五倍. 香港经济受益于房地产开发的巨大发展,这主要得益于像李嘉诚这样的中国企业家. 李嘉诚是一位来自广东的移民,他的事业始于塑料和房地产行业. 此外,大量外资的涌入,尤其是来自日本和美国的投资,也极大地促进了香港经济的发展. 到了 20 世纪 70 年代末,中国企业开始超越老牌英资香港公司,中国企业家也创办了三家新的证券交易所,与 19 世纪 80 年代成立、由欧洲人主导的香港证券交易所展开竞争（这四家证券交易所于 1986 年合并）. 1979 年,航运巨头包玉佳（YK Pao）收购了怡和洋行旗下的香港九龙码头仓库公司（该公司成立于 1889 年）,包玉佳于 20 世纪 50 年代以一艘小船起家. 1980 年,李嘉诚收购了和记黄埔,这家英国本土巨头最初于 19 世纪 70 年代在码头和航运业起家.

此外,麦理浩是战后首位无需担忧与中国关系紧张的港督. 英国和中国在首相希思执政期间就开始了关系正常化的谈判. 20世纪70年代末,中国实行改革开放政策,并在香港经济中扮演越来越重要的角色,此后英中关系进一步改善. 1972年,美国和英国分别是香港第一和第二大市场；到1986年,中国已成为香港第二大市场（美国仍是第一大市场,英国则跌至第四位）. 1972年,日本和中国是香港前两大进口来源国,英国位列第四. 到1981年,中国已超越日本,成为香港最大的进口来源国. 到1986年,英国已跌至香港第七大进口来源国. 总体而言,到1986年,香港与中国的贸易额超过了与其他任何国家的贸易额.

麦理浩经常因未推行政治改革而受到批评——正如他在任期间所遭遇的那样. 事实上,香港的宪制结构几乎没有改变. 直到 1981 年,市政局是唯一由民选产生的议会. 麦理浩拒绝了高级官员提出的改变立法会组成的建议. 立法会成员几乎一半是政府官员,而非官方成员仅代表极少数人口. 行政会议主要由高级政府官员和代表商业利益（尤其是老牌英国公司利益）的委任官员组成. 正如记者理查德·休斯（Richard Hughes）所言,“香港的民主毫无花招. 行政和立法完全是按照毫不掩饰的殖民模式进行的.” 26 然而,在麦理浩任期内,一些立法会议员是从下层阶级中委任的,而在 1976 年,他通过不任命全部名额的官方议员,使非官方立法会成员获得了多数席位. 1981 年推出的地区行政制度旨在为公众在地区层面参与行政事务提供有效的咨询和参与平台. 尽管麦理浩任期内设立的地区委员会成员部分由选举产生,且无权立法或制定政策,但它们仍然发挥着咨询作用.

MacLehose's reforms should not, however, overshadow some of the less impressive aspects of his tenure.
Despite his efforts to improve relations between government and people, the colonial government frequently spied on reformist and pressure groups such as the Hong Kong Observers, the Education Action Group, the Christian Industrial Committee, and the Society for Community Organisation, and it bugged the telephones of political and social activists, often trying to intimidate them by denouncing them as radical leftists.
Expatriates held more than half of the senior posts in the civil service until the mid-1980s, often justifying the reluctance to hire local Chinese on the grounds that they did not have the right character, aptitude, outlook, or interest in public affairs.
As Leo Goodstadt writes, the "separation of government from the people was aggravated by the restricted role of local Chinese men and women in the government and the way that the most senior and sensitive posts in the Civil Service were monopolized by expatriates until the final decade of British rule." 27 然而,麦理浩的改革不应掩盖他任期内一些不太光彩的方面. 尽管他努力改善政府与民众的关系,殖民政府却经常监视香港观察家、教育行动小组、基督教产业委员会和社区组织协会等改革派团体和压力团体,并窃听政治和社会活动人士的电话,常常试图通过谴责他们是激进左派来恐吓他们. 直到 20 世纪 80 年代中期,公务员队伍中超过一半的高级职位都由外籍人士担任,这常常成为不愿雇用本地华人的理由,认为他们缺乏合适的品格、才能、视野或对公共事务的兴趣. 正如利奥·古斯塔特所写,"由于本地华人在政府中的角色受到限制,以及公务员队伍中最高级和最敏感的职位在英国统治的最后十年之前一直被外籍人士垄断,政府与人民的分离现象更加严重." 27

20 世纪 70 年代和 80 年代生活水平的显著提高不应掩盖一些悲剧和令人失望的事件. 例如,1972 年 6 月,四天内降雨量达 40 英寸,引发山体滑坡,造成 250 多人死亡. 1975 年越南共产党取得胜利并实现统一后,约有 7 万名越南船民作为难民来到香港. 香港导演许鞍华在 1982 年拍摄的电影《船民》出色地展现了他们的困境, 赢得了部分香港市民的同情,但他们的到来也引发了不满和敌意,尤其是在这些难民给本已捉襟见肘的社会服务和住房设施带来更大压力的情况下. 1982 年 7 月,大量越南难民被关押在惩教署设立的封闭营地中,这些营地旨在阻止更多难民涌入. 尽管当局努力将难民安置到收容国或劝说他们自愿返回越南,但难民营一直持续到 1992 年. 直到 20 世纪 80

年代末,香港仍然有很多无家可归的人,更不用说还有大约 40 万棚户区居民居住在山坡上的茅屋里. 1986 年冬春之际,新界竹谷寨村发生大火,导致 2000 人无家可归.
