症状	Syphilis (/ˈsɪfəlɪs, ˈsɪfɪlɪs/) is a sexually transmitted infection caused by the bacterium Treponema pallidum subspecies pallidum. The signs and symptoms depend on the stage it presents: primary, secondary, latent or tertiary. 梅毒（ /ˈsɪfəlɪs, ˈsɪfɪlɪs/ ）是由苍白密螺旋体（Treponema pallidum subspecies pallidum）引起的性传播感染。 [1] 其体征和症状取决于所处的阶段：一期、二期、 潜伏期或三期。 Syphilis has been known as "the great imitator", because it may cause symptoms similar to many other diseases. 梅毒被称为“伟大的模仿者”，因为它可能引起与其他许多疾病相似的症状。
传播途径	• **梅毒主要通过性接触传播**，或在妊娠期间由母亲传染给婴儿；梅毒螺旋体能够穿过完整的黏膜或受损的皮肤。 因此， **亲吻病变部位附近以及手淫 、 口交 、 阴道性交和肛交均可传播梅毒。** 梅毒最常见的传播途径是性行为 。 它也可以在怀孕期间或分娩时由母亲传染给婴儿，导致先天性梅毒 。 • 梅毒在18与19世纪的欧洲十分流行. 在20世纪初直到1980、1990年代之间，发达国家的梅毒感染状况，由于抗生素的广泛使用而降低. 自千禧年以来，许多国家的梅毒感染率有所上升，且常与人类免疫缺陷病毒（HIV）感染同时发生 。这被认为部分归因于**不安全的药物使用、 卖淫活动的增加, 以及安全套使用率的下降 。** • **梅毒通常不会经由马桶座垫、日常活动、浴缸或分享餐具或衣物而传播。这主要是因为该细菌在离开人体后很快就会死亡，所以借由生物体来做为传播媒介是几乎不可能的。**
梅毒螺旋体	**人类是梅毒螺旋体亚种唯一已知的自然宿主，其无法在宿主以外的环境存活数天。** • 梅毒螺旋体怕干燥、怕氧气，所以在人体外的生存能力极低，在干燥环境和阳光照射下很快便死亡，但在潮湿环境下可以生存较长时间。

我问: 为什么用 the rest being prostitutes 而不是 the rest were prostitutes ?

► DeepSeek:

the rest being prostitutes 这是一个状语，用来补充说明前面主句的情况。它本身不是一个完整的句子，而是依附于主句存在的附加信息。

the rest being prostitutes 也是独立主格.
the rest (逻辑主语) + being (现在分词，表状态)。

因为在英语中，一个句子只能有一套主谓结构（这里是 the police magistrate estimated that...），不能再插入另一个完整的句子（如 the rest were...），否则就构成了串句错误 (Run-on Sentence)。**这样就变成了两个独立的句子**（The police 谓 magistrate estimated...和 The rest 系 were prostitutes...）**，但中间却只用了一个逗号连接。这在标准英语语法中是错误的，必须用分号（；）或句号（.）断开，或者加上连接词（如 and）。**

► gemini:

作者之所以不写 the rest were prostitutes，是因为他不想把这句话变成两个平等的句子，而是想让后半部分像一个**“补充挂件”**一样，紧紧跟随在前半部分的描述之后。

Header 1	Header 2
"独立主格"结构的"公式":	**[名词/代词] + [非谓语动词 / 形容词 / 副词 / 介词短语]** 这种结构不需要连词（如 and），也不需要完整的谓语动词。它的作用是为前面的主句提供补充说明、背景信息或对比。 • 在 the rest *being prostitutes* 中： The rest 是这个小结构的逻辑主语。 **Being 是现在分词，表示一种状态。**
独立主格的“独立性”到底在哪里？	它的“独立”主要体现在 逻辑主语 上。 请看这个对比： • 普通分词短语：Missing the bus, I was late. (逻辑主语是 I，必须和主句主语一致。) • 独立主格：The bus having left, I had to walk. (独立主格的主语是 The bus，主句主语是 I。它们各玩各的，互不干扰，这就是“独立”。)
独立主格的作用	**独立主格在句子中通常充当“状语”，负责交代以下信息：** • 时间：The class over (课结束后) → we went to the canteen. • 原因：There being no bus (因为没车了) → we took a taxi. • 条件：Weather permitting (如果天气允许) → the game will be held. • 伴随/状态：He stood there, his head down (他站在那，低着头).
避坑指南	1.**千万别加连词：独立主格和主句之间只能用逗号。如果你加了 and，它就变成了“并列句”，动词就得变回 were 或 was。** • × The sun rising, and (错!) the fog disappeared. • √ The sun rising, the fog disappeared. 2.**动词不能是谓语：独立主格里的动词必须是“非谓语形式”（V-ing, V-ed 或 Being）。** • × The sun rose, the fog disappeared. (这叫“逗号连接两个句子”，是语法错误。) 下面才是正确的用法: • **The sun rising**, the fog disappeared. (太阳升起，雾散了。) 名词 + V-ing • **The job finished**, we went home. (工作完成了，我们回家了。) 名词 + V-ed • He sat there, **his eyes red**. (他坐在那，眼睛红红的。) 名词 + Adj. • **The meeting over**, everyone left. (会议结束，大家都走了。) 名词 + Adv. • The boy ran, **a stick in hand**. (男孩跑着，手里拿着棍子。) 名词 + Prep

Example 6. 案例

Brothels and venereal disease were part of the colony’s history from the start.
Because the overwhelming majority of Chinese and Europeans who came after the British occupation were men, Hong Kong’s gender balance was always heavily skewed.
The large military presence made the situation even worse.
Although the influx of Chinese during the Taiping Rebellion brought more women, according to the first proper census in 1872 the ratio of Chinese men to women was seven to one; the ratio for Europeans was five to one.
By the 1850s, Hong Kong was known as a center for prostitution and venereal disease, especially syphilis.

In 1877 the police magistrate estimated that only one out of every six Chinese women in Hong Kong were either married or concubines, the rest being prostitutes. 妓院和性病自香港殖民地建立之初便如影随形。由于英国占领后涌入的华人和欧洲人绝大多数是男性，香港的性别比例一直严重失衡。庞大的军队驻扎更是雪上加霜。尽管太平天国运动期间大量华人涌入带来了更多女性，但根据1872年首次正式人口普查，华人男女比例为七比一，欧洲人男女比例为五比一。到了19世纪50年代，香港已成为卖淫和性病（尤其是梅毒）的重灾区。1876年的人口普查显示，香港近两万五千名华人女性中，有六分之五是妓女。1877年，地方法官估计，香港每六名华人女性中只有一人是已婚或妾室，其余均为妓女。

主 This assumption that 主 **Chinese women** who were *either* not married *or* concubines 妾；情妇 谓 **must necessarily 必然；必定 have been** prostitutes 妓女 谓 says 表明，显示，表达（思想、感情） more about European attitudes toward the Chinese community **than** about the actual number of prostitutes.

由于在香港的欧洲人, 常常认为中国女性是性方面和道德上的隐患，所以从1857年到1890年，卖淫活动是获得许可并受到监管的，妓院会根据其服务对象是西方人还是中国人，被严格限制在不同的区域。

Example 8. 案例
a greater invasiveness into colonial lives

我问: 这里为什么用的是 invasiveness，而不是 invasion?

► DeepSeek:

这里使用 invasiveness 而非 invasion，主要是为了强调"侵入性"这一抽象特质，而非具体的"入侵"事件。

Header 1	Header 2
Invasiveness	**指"侵入的性质或程度"，是一个抽象名词。它描述的是行为本身具有的"侵犯性"或"干涉性"特质。**
Invasion	**指**"入侵、侵犯"这一**具体行为或事件。**

所以, 句中如果使用 invasion，句子会变成"这证明了（一次）对殖民生活的更大入侵"，听起来像是一次具体的军事行动或事件，而非一种持续存在的干涉状态。

Example 9. 案例

This assumption that Chinese women who were either not married or concubines must necessarily have been prostitutes says more about European attitudes toward the Chinese community than about the actual number of prostitutes.
Because Europeans in Hong Kong often considered Chinese women to be sexual and moral hazards, from 1857 to 1890 prostitution was licensed and regulated, with brothels strictly confined to separate areas depending on whether they catered to Western or Chinese clients.
Similar to ordinances passed that year in Malta and the Ionian Islands (both British possessions), Hong Kong' s first contagious disease ordinance, passed in 1857, called for the licensing of brothels by the registrar general, compulsory weekly medical inspections of prostitutes, punishment of prostitutes (and the brothel keepers) who transmitted venereal diseases to clients, and the detainment of infected prostitutes in a lock hospital.
After the British Parliament passed the Contagious Diseases Acts of 1866 in England and Wales, the 1857 ordinance was replaced in Hong Kong by the Contagious Diseases Ordinance of 1867.
The colonial government now had even more power to regulate prostitution, for the new ordinance gave the registrar general and the police superintendent the right to enter

suspected brothels without a warrant.
This, explains historian Philippa Levine, justified "a greater invasiveness into colonial lives, especially those of Chinese women." 18 这种认为未婚或妾室的中国女性必然是妓女的假设，更多地反映了欧洲人对华人社群的态度，而非妓女的实际数量。由于在港的欧洲人常常将中国女性视为性与道德上的隐患，因此从 1857 年到 1890 年，卖淫活动实行许可和监管，妓院根据服务对象是西方人还是中国人，被严格限制在不同的地段。与同年马耳他和爱奥尼亚群岛（均为英国属地）通过的法令类似，香港于 1857 年通过的第一部传染病条例规定，妓院由登记总署署长颁发许可证，妓女必须接受每周一次的强制性体检，将性病传染给嫖客的妓女（以及妓院经营者）绳之以法，并将感染性病的妓女关押在封闭式医院。英国议会于 1866 年在英格兰和威尔士通过《传染病法》后，香港也以 1867 年《传染病条例》取代了 1857 年的旧条例。殖民政府因此拥有了更大的权力来监管卖淫活动，因为新条例赋予了登记总署署长和警司无需搜查令即可进入疑似妓院的权力。历史学家菲利帕·莱文解释说，这使得"对殖民地人民生活，尤其是对中国妇女的生活，进行更大程度的侵犯成为可能"。 18

However, the ordinances were designed **mainly to protect** soldiers, sailors, and policemen **from** *venereal 性病的 diseases* 方式状 by maintaining (v.) a supply of disease-free (a.)无疾病的 Chinese women.

然而，这些条例的主要目的, 是通过维持一定数量无性病的中国女性，来保护士兵、水手和警察免受性病侵害。

1880年12月，轩尼诗总督向殖民地大臣解释说，香港"妓院立法的真正目的"，并非保护妓女，而是"为在本殖民地的英国士兵, 和皇家海军水兵, 提供干净的中国女性供其使用"。在这一点上，该立法是成功的。

Example 11. 案例

Colonial officials claimed that these ordinances saved girls and women from brothel slavery and from being exploited by brothel owners and kept prostitution from spreading into the respectable parts of town.
However, the ordinances were designed mainly to protect soldiers, sailors, and policemen from venereal diseases by maintaining a supply of disease-free Chinese women.
Only prostitutes who serviced Westerners had to be inspected, while in practice only the prostitutes servicing European police and soldiers were regulated.
In December 1880, Governor Hennessy explained to the secretary for the colonies that the "real purpose of the brothel legislation" in Hong Kong had not been the protection of prostitutes but rather "the provision of clean Chinese women for the use of the British soldiers and the sailors of the Royal Navy in this Colony." Here the legislation had been successful.
However, "far from checking this odious species of slavery," the ordinances had "undoubtedly intensified it." 19 In June 1881, Hennessy explained how "women are bought and sold in nearly every brothel in the place." 20 Although the Colonial Office did not support Hennessy's plans to overhaul the ordinances, it approved minor amendments to them. 殖民官员声称，这些法令使女孩和妇女免于沦为妓院奴隶，免遭妓院老板的剥削，并阻止卖淫蔓延到城镇的体面区域。然而，这些法令的主要目的是通过维持无病中国女性的供应，来保护士兵、水手和警察免受性病的侵害。只有为西方人服务的妓女才需要接受检查，而实际上，只有为欧洲警察和士兵服务的妓女才受到监管。1880 年 12 月，总督轩尼诗向殖民地事务大臣解释说，香港"妓院立法的真正目的"并非保护妓女，而是"为本殖民地的英国士兵和皇家海军水手提供干净的中国女性"。在这一方面，立法取得了成功。然而，这些法令"非但没有遏制这种可憎的奴役形式"，反而"无疑加剧了这种现象"。 19 1881 年 6 月，亨尼西解释说，"当地几乎每家妓院都存在买卖妇女的情况。" 20 虽然殖民地事务部不支持亨尼西对法令进行全面改革的计划，但它批准了一些小的修改。

When the Colonial Office 殖民事务局 ordered (v.) colonial governments to end their *contagious 传染性的；会感染的 diseases laws* after the British Parliament repealed (v.)废除；撤销 *the Contagious Diseases Acts* in 1886, Governor William Des Voeux **tried (v.) desperately** 拼命地；绝望地 to maintain (v.) the *status quo* 现状.

Table 2. 我问: 英国为什么要废除传染病法?

Header 1	Header 2

Header 1	Header 2
《传染病法》原本是干什么的？	在 19 世纪中叶，英国军队（尤其是海军和陆军）深受性病（主要是梅毒和淋病）之苦，大批士兵丧失战斗力。 为了“保护”士兵，英国政府在 1860 年代通过了该法： • 做法： 警察有权在特定的军港和驻防城镇, 抓捕被怀疑是“妓女”的女性。 • 强制检查： 这些女性必须接受强制内部医疗检查。 • 强制关押： 如果发现患病，她们会被关进“锁闭医院”（Lock Hospitals）强制治疗。
英国在 1886 年废除《传染病法》（Contagious Diseases Acts，简称 CDA），原因是:	• 逻辑漏洞：性病的传播需要两个人。然而，法律只惩罚、检查女性，却对作为传染源之一的士兵（男性）完全放任。 • **政府通过这种法律，本质上是在“规范化”和“执照化”卖淫。(即"潜规则"变成了"明规则", 被合法化了.)** 同时, 政府的潜台词似乎是：“只要你是健康的，去嫖娼就没问题。” 这被认为是在变相鼓励堕胎和不道德行为。 • 执法的实际效果极其有限: 数据表明，虽然对女性进行了严厉打击，但军队中的性病感染率并没有显著下降。原因： 只要男性士兵不接受检查，他们就会继续在健康的女性和患病的女性之间传播病毒。

Des Voeux argued that /the colony’ s security 安全；保障 **depended on** the health of its soldiers and police /and that 主 the system was the only way ① **to keep** girls **from** being sold into prostitution 卖淫；娼妓业, ② check (v.)抑制；控制 the spread of venereal 性病的 diseases, ③ and **keep** (v.) brothels 妓院 **from** spreading into the more respectable parts of town.

Des Voeux辩称，殖民地的安全, 取决于其士兵和警察的健康状况，而这一制度是防止女孩被卖入娼门、遏制性病传播以, 及阻止妓院蔓延到镇上更体面区域 的唯一途径。

Example 13. 案例

我问:这句中, check the spread of 和 and keep brothels from spreading 前面是不是省略了 to？完整的应该是 **to check** the spread of 和 **and to keep** brothels from spreading？这里为什么要省略to?

这里确实省略了 to，这是一种非常典型的并列结构省略。

原句的核心结构是：the only way **to do A, (to) do B, and (to) do C**.

A: to keep girls from being sold into prostitution
B: (to) check the spread of venereal diseases
C: (to) keep brothels from spreading into the more respectable parts of town

省略规则：当多个不定式（to do）由 and 或 or 连接，且它们共享同一个逻辑主语（这里是 the system）时，通常只在第一个不定式前保留 to，后面的 to 可以省略，使句子更简洁流畅。

虽然省略很常见，但在以下两种情况，通常建议把 to 写回来：

Header 1	Header 2
1.动作跨度太长	如果第一个动作和第二个动作之间隔了十几个单词，读者可能忘了前面有个 to，这时补上 to 能提醒读者：“嘿，这还是那个‘方式’的一部分。”
2.强调对比	如果你想强调这两个动作是截然不同的两回事，重复 to 会更有力度。 即**为了强调每一个动作的独立性和重要性，或者为了形成排比句式,以增强气势，通常会保留所有的 to。** • The purpose of this program is **to educate** the public, **to raise** awareness, and **to promote** action. **保留三个 to, 强调了这三个目标是同等重要且并列的，而不是一个笼统的“目的”。** • He wanted **to live** and **to win**. (他不仅想活着，他还想赢。重复 to 表达了双重的决心。)
3.当省略会导致歧义时（避免误读）	如果省略 to后，后面的动词可能被误认为是句子的谓语动词（即主句的动词），或者与前面的介词结构混淆，则必须保留 to。

Finally, in 1889, the Legislative Council 立法局 passed *the Women and Girl’s Protection Ordinance* 法令；条例, which repealed 废除；撤销 *the Contagious (a.) Diseases Ordinance of 1867* but then reinstated (v.)恢复；使复原 almost all of the provisions 规定；条款 for licensing (v.)给……发许可证 and registering 登记；注册 brothels.

Although this ordinance was repealed in 1890 /because it violated (v.) the orders of the secretary for the colonies, 主 its repeal (n.)废除；撤销 谓 seems to have had little effect /because 主 the same prostitutes 妓女 who had heeded (v.)留心，注意，听从（劝告或警告）；遵守 or ignored (v.)the earlier laws 谓 continued to do the same.

最终，1889年，立法局通过了《妇女及女童保护条例》，该条例废除了1867年的《传染病条例》，但随后几乎恢复了所有关于妓院许可和注册的条款。
尽管该条例于1890年因违反殖民地大臣的命令而被废除，但它的废除似乎几乎没有产生什么影响，因为那些之前遵守或无视早期法律的妓女们依然我行我素。

Example 14. 案例

When the Colonial Office ordered colonial governments to end their contagious diseases laws after the British Parliament repealed the Contagious Diseases Acts in 1886, Governor William Des Voeux tried desperately to maintain the status quo.
Des Voeux argued that the colony’s security depended on the health of its soldiers and police and that the system was the only way to keep girls from being sold into prostitution, check the spread of venereal diseases, and keep brothels from spreading into the more respectable parts of town.
Finally, in 1889, the Legislative Council passed the Women and Girl’s Protection Ordinance, which repealed the Contagious Diseases Ordinance of 1867 but then reinstated almost all of the provisions for licensing and registering brothels.
Although this ordinance was repealed in 1890 because it violated the orders of the secretary for the colonies, its repeal seems to have had little effect because the same prostitutes who had heeded or ignored the earlier laws continued to do the same. 1886年，英国议会废除了《传染病法》，殖民地事务部随即命令各殖民地政府终止其传染病相关法律。当时的殖民地总督威廉·德·沃竭力维持现状。德·沃辩称，殖民地的安全取决于士兵和警察的健康，而这套制度是防止女孩被贩卖为妓女、遏制性病传播以及防止妓院蔓延至城镇较为体面区域的唯一途径。最终，在1889年，立法委员会通过了《妇女和女孩保护条例》，该条例废除了1867年的《传染病条例》，但几乎恢复了所有关于妓院许可和登记的规定。虽然这项法令因违反殖民地事务

大臣的命令而在 1890 年被废除，但废除该法令似乎并没有产生多大影响，因为那些曾经遵守或无视先前法律的妓女们继续做着同样的事情。

While it did little to prevent *brothel 妓院 slavery* 奴隶制 or *the exploitation 剥削；榨取 of prostitutes* 妓女，主 the licensing and regulation of prostitution 卖淫活动 谓 **met (v.) its main goal** of ① helping to prevent (v.) *the transmission 传播；传染 of venereal diseases* among soldiers and sailors 水手；海员 ② and **keeping** brothels **from** spreading (v.) into more respectable areas of town (which appears (v.) to have been *the main concern* of the Chinese elite).

虽然这对防止妓院奴隶制, 或对妓女的剥削几乎没有起到什么作用，但对卖淫的许可和监管, 达到了其主要目标，即帮助防止性病在士兵和水手之间传播，并阻止妓院蔓延到城镇中更体面的区域（这似乎是中国精英阶层的主要关切）。

In 1893, however, 主 *fiery (a.)激烈的；激昂的 speeches in Parliament* and *pressure (n.) from groups in Britain* 谓 forced (v.) the colonial government to stop (v.) all registration and inspection 检查；视察 schemes.

Unlike in 1890, this time the change was dramatic 巨大的；显著的.

Prostitutes 妓女 stopped (v.) **going for** 去（做某事）,去（参加） their medical inspections 检查；视察, new brothels opened (v.) in areas where **they had not been** before, and by 1897 about *half of the soldiers* in Hong Kong were being treated (v.) for venereal diseases (**compared to** about 15 percent a decade 十年 earlier).

Example 15. 案例

Prostitutes stopped going for their medical inspections 妓女不再去做她们（原先）的医疗检查了。

go for their medical inspections 指的是妓女定期前往指定地点进行（法律原先要求的）强制性医疗检查。for 指明了“去”的目的。

为什么要用 go for 而不是 go to？

- go to 通常后接地点名词（如 go to the hospital）。
- go for 则后接活动、事务或目的的名词（如 go for a walk, go for a check-up）。这里的 medical inspections 是一项必须履行的程序性事务，而非一个具体地点，因此用 for更准确。

Example 16. 案例

While it did little to prevent brothel slavery or the exploitation of prostitutes, the licensing and regulation of prostitution met its main goal of helping to prevent the transmission of venereal diseases among soldiers and sailors and keeping brothels from spreading into more respectable areas of town (which appears to have been the main concern of the Chinese elite).
In 1893, however, fiery speeches in Parliament and pressure from groups in Britain forced the colonial government to stop all registration and inspection schemes.
Unlike in 1890, this time the change was dramatic.
Prostitutes stopped going for their medical inspections, new brothels opened in areas where they had not been before, and by 1897 about half of the soldiers in Hong Kong were being treated for venereal diseases (compared to about 15 percent a decade earlier).
尽管卖淫许可证制度对阻止妓院奴役或剥削妓女收效甚微，但它确实达到了其主要目标，即帮助防

止性病在士兵和水手之间传播，并阻止妓院蔓延到城里更体面的地区（这似乎是中国精英阶层的主要担忧）。然而，1893年，议会中激烈的演讲以及来自英国各团体的压力迫使殖民政府停止了所有登记和检查制度。与1890年不同，这一次的变化是剧烈的。妓女不再接受体检，新的妓院在以前从未涉足的地区开业，到1897年，香港约有一半的士兵正在接受性病治疗（而十年前这一比例约为15%）。

What do we know about the prostitutes 妓女 themselves? Many of the Chinese prostitutes were either kidnapped and sold into prostitution 卖淫；卖身；滥用；出卖灵魂 or sold by their impoverished (a.)穷困的；贫穷的 parents.

Toward the end of the nineteenth century, 主 among the European prostitutes 系 were *a large number of Jews* who had fled 逃离；逃跑 the pogroms 大屠杀；集体迫害 in Russia.

Example 18. 案例
pogrom

(n.) the organized killing of large numbers of people, because of their race or religion (originally the killing of Jews in Russia) 大屠杀，集体迫害（因种族或宗教原因，原指俄国对犹太人的杀戮）

→ 该词原指俄国人对犹太人的大肆杀戮。来自依地绪语pogrom,来自俄罗斯语pogromu,屠杀，毁灭，来自po-,凭借，在后，词源同 post-,gromu,雷电，吼叫声，拟声词。比喻用法。

Shunned (v.)避开；回避；鄙视 by other European women, these prostitutes **lived** (v.) mainly *on the margins 边缘；界限 of* the European parts of town /or **in** the predominantly 主要地；占主导地位地 Chinese sections 区域；地段 such as Wanchai.

The life of European prostitutes was not always *one* (替代前面的 life) 后定说明 of humiliation 屈辱；耻辱；蒙羞 and despair 绝望；无望, however, for 因为、由于 some 谓 **rose (v.) high enough** in society 结果状 **to retire (v.)退休；安享晚年 comfortably** in Europe or America.

然而，欧洲妓女的生活并非总是充满屈辱与绝望，因为有些妓女在社会上地位攀升得足够高，得以在欧洲或美国舒适地退休。

Example 19. 案例

What do we know about the prostitutes themselves? Many of the Chinese prostitutes were either kidnapped and sold into prostitution or sold by their impoverished parents. Contemporary reports mention how young girls in Hong Kong often disguised themselves as boys in public to avoid being kidnapped.
Other prostitutes came from the already well-developed sex trades in Canton and Macau. Most of the European prostitutes had been prostitutes before they came to Hong Kong, but some resorted to prostitution after falling on hard times.
Toward the end of the nineteenth century, among the European prostitutes were a large number of Jews who had fled the pogroms in Russia.
Shunned by other European women, these prostitutes lived mainly on the margins of the European parts of town or in the predominantly Chinese sections such as Wanchai.
The life of European prostitutes was not always one of humiliation and despair, however, for some rose high enough in society to retire comfortably in Europe or America. 我们对妓女本身了解多少？许多中国妓女要么是被绑架贩卖，要么是被贫困的父母卖掉。当时的记载提到，香港的年轻女孩经常女扮男装，以避免被绑架。其他妓女则来自广州和澳门，那里的性交易已经相当成熟。大多数欧洲妓女在来香港之前就已经是妓女，但也有一些人是因为生活困顿而被迫卖淫。十九世纪末，欧洲妓女中有很多是逃离俄罗斯大屠杀的犹太人。由于被其他欧洲女性排斥，这些妓女主要生活在欧洲人聚居区的边缘地带，或者像湾仔这样的华人聚居区。然而，欧洲妓女的生活并非总是充满屈辱和绝望，因为有些人最终在社会上取得了相当的地位，得以在欧洲或美国安享晚年。

In a group of their own 系 were so-called *protected women* —Chinese women who **served as** mistresses 情妇；情人 to European men, especially before European women came (v.) *in larger numbers* later in the nineteenth century.

有一群人自成一派，她们就是所谓的“受保护妇女”——即那些做欧洲男人情妇的中国女性，尤其是在19世纪后期欧洲女性大量涌入之前。

Example 20. 案例
In a group of their own were so-called protected women

“In a group of their own” 意味着这些女性既不属于传统的华人平民阶层，也不属于欧洲人的上流社会。她们处于一个半隔离、被边缘化 的独立社会圈子。

Protected Women (受保护妇女)：在当时的语境下，这个词带有讽刺意味或特定的法律/社会含义。她们通常是欧洲男性的中国情妇或侧室。她们与欧洲男人（商人、官员或士兵）长期同居，但没有正式的婚姻地位。**这里的 “Protected” 指的是她们受到欧洲男人的经济供养和居所保护。**

想象一下在 1850 年的香港，一个英国商人买下了一处宅子，安置了一名中国女子在那里生活。这个女子不用出去做苦力，衣食无忧，但他俩并没有结婚证。在别人眼里，这个女子就是被这个英国人“罩着”的（Protected）。但当英国商人的家乡妻子带着孩子来到香港后，这个女子的处境就会变得极其尴尬。

Example 21. 案例

In a group of their own were so-called protected women—Chinese women who served as mistresses to European men, especially before European women came in larger numbers

later in the nineteenth century.
Many of these women were Tankas, some having been purchased by their European masters from brothels in Canton and Hong Kong.
Known to the Chinese as saltwater maids, these women lived in a marginal area of Hong Kong that was nestled between the European business and residential sections of town and was inhabited by a mixed group of European prostitutes, Indian merchants and shopkeepers, Portuguese, and Chinese prostitutes who serviced European and middle- and upper-class Chinese clients.
Although some of these protected women did well for themselves, the status of their protection could be very fragile.
Most European men eventually returned home, leaving their Chinese mistresses in Hong Kong, where they were often despised by the mainstream of the Chinese community.
The children of these women formed the beginnings of the Eurasian community. 在她们之中，还有一群被称为“受保护女性”的群体——她们是为欧洲男性提供性服务的中国女性，尤其是在 19 世纪后期欧洲女性大量涌入香港之前。这些女性大多是“浪娼”（Tanka），其中一些是被她们的欧洲主人从广州和香港的妓院买来的。这些女性被中国人称为“海女”，她们居住在香港一个边缘地带，夹在欧洲人的商业区和住宅区之间，居住着形形色色的人，包括欧洲妓女、印度商人、店主、葡萄牙人和中国妓女，她们服务于欧洲人和中国中上层阶级的客户。尽管有些受保护女性生活富裕，但她们的保护地位却非常脆弱。大多数欧洲男性最终返回家乡，留下她们的中国情妇在香港，这些情妇往往受到主流华人社区的鄙视。这些女性的后代构成了欧亚混血社区的雏形。
