Example 4. 案例

Interwar Hong Kong is sometimes characterized as a sleepy colonial backwater, particularly when compared with Shanghai, the "Paris of the Orient." This image overlooks how during the 1920s and 1930s Hong Kong was drawn more tightly than ever into the orbits of Chinese, British imperial, and world history.
The revolutionary nationalism in China ushered in an era of strikes and boycotts, both in China and in Hong Kong.
Struggles for political unity in China were accompanied by increasing vocal calls for abolishing the unequal treaties, extraterritoriality, and foreign concessions.
Such sentiments never led to any serious anticolonial movements in Hong Kong, but they helped make the 1920s considerably more politically charged than any other time in Hong Kong's history.
With the rise of Socialism and the ascendancy of the Labour Party, colonialism and imperialism came increasingly under fire in Britain.
Although the British Empire reached the peak of its territorial expansion after World War I by inheriting some of the former Ottoman and German colonies and dependencies, the British share of industrial production and world trade declined, while the Washington Treaty of 1922 restricted Britain's military power to protect its commercial interests in Asia.

两次世界大战之间的香港有时被描述为一个沉睡的殖民地边陲之地, 尤其与"东方巴黎"上海相比更是如此。这种印象忽略了20世纪20年代和30年代香港比以往任何时候都更加紧密地卷入了中国、英国帝国和世界历史的漩涡之中。中国的革命民族主义开启了罢工和抵制运动的时代, 中国内地和香港都出现了罢工和抵制运动。在中国争取政治统一的斗争中, 要求废除不平等条约、治外法权和外国租界的呼声日益高涨。这些情绪虽然没有在香港引发任何严重的反殖民运动, 但却使得20世纪20年代的政治氛围比香港历史上任何其他时期都更加紧张。随着社会主义的兴起和工党的崛起, 殖民主义和帝国主义在英国也日益受到抨击。虽然大英帝国在第一次世界大战后通过继承一些前奥斯曼帝国和德国的殖民地和附属地达到了领土扩张的顶峰, 但英国在工业生产和世界贸易中的份额却有所下降, 而1922年的华盛顿条约限制了英国的军事力量, 以保护其在亚洲的商业利益。

Because of the various interparty (a.)政党间的,党际的 and provincial 省的 rivalries 竞争；敌对；派系斗争 in China, Hong Kong was more affected *than ever* by events on the mainland —especially by the turbulent 动荡的；混乱的；骚乱的 developments in neighboring Guangdong.

Furthermore, 主 the crime encouraged by the political chaos in Guangdong 谓 often spilled （使）洒出, 泼出, 溢出 over 蔓延；波及 into Hong Kong.

Example 6. 案例

Because of the various interparty and provincial rivalries in China, Hong Kong was more affected than ever by events on the mainland—especially by the turbulent developments in neighboring Guangdong.

Not only was the city of Canton ruled by several successive regimes, but it also became a center for

Chinese Communism.
The strife in Guangdong boosted Hong Kong's population significantly: in 1921 the population was around 600,000; by 1931 it had risen to almost 850,000.
Furthermore, the crime encouraged by the political chaos in Guangdong often spilled over into Hong Kong.
In the 1920s, for example, piracy occurred weekly in Hong Kong waters.
In an especially notorious case in 1924, pirates seized a ferry from the island of Cheung Chau en route to Hong Kong.
After taking the passengers to a mainland lair, the pirates sent three of the victims' ears to their relatives in demand for a ransom.

由于中国各党派和省份之间的纷争, 香港比以往任何时候都更容易受到大陆局势的影响, 尤其是邻近广东的动荡局势。广州不仅经历了数个政权的更迭, 还成为了中国共产主义的中心。广东的动荡极大地促进了香港人口的增长：1921年香港人口约为60万, 到1931年已增至近85万。此外, 广东政治混乱滋生的犯罪活动也常常蔓延至香港。例如, 在20世纪20年代, 香港水域几乎每周都会发生海盗袭击事件。1924年发生了一起臭名昭著的案件：海盗劫持了一艘从长洲岛驶往香港的渡轮。他们将乘客带到大陆的藏身之处后, 将其中三名受害者的耳朵送给他们的亲属索要赎金。

In the absence 缺乏；不存在 of a strong central government, some Hong Kong merchants tried to influence Chinese politics in order to protect their business interests on the mainland.

As historian Stephanie Chung writes, these men thus "developed *a national orientation 取向；方向；态度 in politics* outside the colony."

正如历史学家斯 Stephanie Chung 所写, 这些人因此"在殖民地之外形成了一种国家性的政治取向"。

On the other hand, 主 **contrasting** 对比；对照 the stability of Hong Kong **with** the turbulence 动荡；骚乱 in China 谓 led (v.) many local Chinese, especially wealthier residents whose fortunes **depended on** Hong Kong's colonial status, **to identify 与某人产生共鸣；谅解；同情;把某人视为;支持；与...有密切关联 increasingly 越来越多地 with** Hong Kong —**witnessed 目击, 亲眼看到;证明；表明 by** the way in which they **collaborated (v.)合作；协作 with** the colonial government to end (v.) the strikes 罢工 of the 1920s.

另一方面, 将香港的稳定与中国的动荡进行对比, 使得许多当地华人, 尤其是那些财富依赖于香港殖民地位的富裕居民, 越来越认同香港——这一点从"他们与殖民政府合作以结束20世纪20年代的罢工"这一行为中可见一斑。

Example 8. 案例

In the absence of a strong central government, some Hong Kong merchants tried to influence Chinese politics in order to protect their business interests on the mainland.
As historian Stephanie Chung writes, these men thus "developed a national orientation in politics outside the colony."1 On the other hand, contrasting the stability of Hong Kong with the turbulence in China led many local Chinese, especially wealthier residents whose fortunes depended on Hong Kong's colonial status, to identify increasingly with Hong Kong—witnessed by the way in which they collaborated with the colonial government to end the strikes of the 1920s.
A Western political scientist who visited Hong Kong on the eve of World War Ⅱ observed that "one factor which has played a part in creating a class of Chinese who regard Hong Kong as their home is the insecurity which prevailed for many years in China."2 This sense of belonging deepened as the colonial government became more willing to incorporate Chinese opinion, especially after the general strike of 1925–1926.

由于缺乏强有力的中央政府, 一些香港商人试图影响中国政治, 以保护他们在大陆的商业利益。正如历史学家斯蒂芬妮·钟所写, 这些人因此"在殖民地之外的政治中形成了民族主义倾向"。 另一方面，香港的稳定与中国的动荡形成鲜明对比, 使得许多香港本地华人, 尤其是那些财富依赖于香港殖民地地位的富裕居民, 越来越认同香港——他们与殖民政府合作结束 20 世纪 20 年代罢工的方式便是最好的证明。一位在二战前夕访问香港的西方政治学家指出, "中国多年来普遍存在的不安全感, 是造成一批华人将香港视为家园的原因之一。 " 随着殖民政府越来越愿意吸纳华人的意见, 尤其是在 1925-1926 年大罢工之后, 这种归属感进一步加深。

Advances 进步；进展 in communications 通信 and transportation 交通 谓 helped connect (v.) Hong Kong to the rest of the world /and make the colony a popular *tourist 旅行者, 观光客 destination*.

Pan American Airways 泛美航空公司 **operated 运营 a flight** to Manila 马尼拉（菲律宾首都）, linking 连接 Hong Kong to San Francisco, while *China National Airways Corporation* (社团, 公司, 法人（团体）) 中国航空公司 connected the colony with the mainland.

Example 9. 案例

Advances in communications and transportation helped connect Hong Kong to the rest of the world and make the colony a popular tourist destination.
A 1920 guide for British tourists described Hong Kong as “the most interesting Port of Call for Visitors to the Far East, as it is also the most important commercial and shipping centre in this part of the world.”3 The prominent Chinese scholar and reformer Hu Shi recalled a trip to Hong Kong in the late 1920s, insisting that the city’s night skyline was among the world’s best.
An airfield opened in 1928 at Kai Tak, in Kowloon, and by 1936 Imperial Airways offered a flight from Hong Kong to Penang (in Malaya), from which passengers could eventually reach Britain.
Pan American Airways operated a flight to Manila, linking Hong Kong to San Francisco, while China National Airways Corporation connected the colony with the mainland.

通讯和交通的进步使香港与世界其他地区连接起来, 并使这片殖民地成为热门旅游目的地。1920 年的一本英国旅游指南将香港描述为“远东游客最有趣的停靠港, 因为它也是该地区最重要的商业和航运中心。” [3] 中国著名学者和改革家胡适回忆起 20 世纪 20 年代末的一次香港之旅, 并坚称香港的夜景是世界上最美的之一。
1928 年, 九龙启德机场启用。到 1936 年, 帝国航空开通了从香港飞往槟城（马来亚）的航班, 乘客最终可以从槟城前往英国。泛美航空运营着飞往马尼拉的航班, 将香港与旧金山连接起来, 而中国航空公司则将香港与中国大陆连接起来。

Hong Kong was also attracting British writers fascinated by the colony "as an outpost of empire, a minute enclave enveloped by the vastness of China, an exotic entrepôt pulsating with life and adventure, yet paradoxically a speck of normality on the brink of a forbidding continent."4 In The Painted Veil (1924), renowned novelist Somerset Maugham presented Hong Kong's European community as a den of passion and scandal.
So scathing that colonial officials protested and the leading characters won a libel suit against Maugham, the novel later became a Hollywood film starring Greta Garbo.
In 1930, Putnam Weale, a less well-known but prolific author on China and Asia, wrote The Port of Fragrance, a fictional work that focused on the general strike of 1925–1926 but also dealt with the unhappy lives of bored European women in Hong Kong.

说被改编成好莱坞电影, 由葛丽泰·嘉宝主演。1930 年, 另一位著作颇丰的中国及亚洲作家普特南·威尔创作了小说《香港》。这部小说以 1925-1926 年的香港大罢工为背景, 同时也描写了在香港百无聊赖的欧洲女性的悲惨生活。嫁给英国官员的斯特拉·本森根据她在香港的经历写了好几本书：《穷人》（1923 年）、《小世界》（1925 年）和《世界》（1935 年）。本森晚年致力于打击香港的儿童卖淫问题, 为国际联盟撰写报告。
