You may have noticed that *the time period* we' re studying, namely 即 ; 也就是 1815 to 1914, **ends** (v.) right as *World War One* begins. Well sir, that assumes (v.)假设 ; 假定 /I know (v.) *what any date means* (v.), and that is a large assumption 假设. *Fair enough* 有道理 ; 说得对;行吧, but I only mentioned it /because 主 everything *we' re going to talk about in this video* 系 is really **setting the stage for** 为...做好准备 that worldwide cataclysm (突然降临的) 大灾难 , 大灾变 , 大动乱. So **that means** (v.) /we need to talk about the Crimean War 克里米亚战争, German and Italian unification 统一, and the tensions 紧张局势 in the Balkans 巴尔干半岛. So if that' s what you' re studying, then this video is for you. Let' s go get them brain cows milked.

你们可能已经注意到，我们正在研究的时期，即1815年至1914年，正好在第一次世界大战开始时结束。先生，这是假设我知道任何日期的历史意义，这是一个很大的假设(这个假设可有点大胆啊)。有道理，但我提到它，只是因为我们要在这个视频中要讨论的一切。都是在为世界范围的大灾难做准备。这意味着我们需要讨论克里米亚战争，德国和意大利的

统一，以及巴尔干半岛的紧张局势。如果这就是你正在学习的，那么这个视频就是为你准备的。我们去挤牛奶吧。

Example 1. title

cataclysm

→ cata-, 向下。-clysm, 冲洗，流，词源可能同flow, flood. 原指大洪水。

Okay, so let's begin with the Crimean War, which began in 1853. There's a lot to digest (v.)理解；领会；消化 in this video, so if you want *fill-in-the-blank* 填空 *note guides* to follow along 理解，明白, check the link in the description.

So *prior to* 在...之前 this war, remember (v.) that /Europe enjoyed about 50 years of peace — 插入语 **depending on** who you talk to — during *the Concert of Europe*. But *the Crimean War* would be a major conflict 冲突 that would **bring** that peace **to an end**. It was a war **that started (v.) over** religious tension 紧张局势 in the Ottoman Empire 奥斯曼帝国, which *by this point* had begun to decline (v.)衰落 as a major power in Europe.

在克里米亚战争爆发前，欧洲曾享有大约50年的和平时期——当然具体年份取决于你问谁——这段和平得益于“欧洲协调”机制（Concert of Europe）。但克里米亚战争将成为终结这段和平的重大冲突。这场战争的导火索是奥斯曼帝国内部的宗教紧张局势，而此时的奥斯曼帝国已开始衰落，逐渐失去其欧洲主要强国的地位。

See, the Ottoman Sultan 苏丹, under pressure from Napoleon III in France, granted (v.)授予；准予 special privileges 特权 to Roman Catholics 罗马天主教徒 living in Jerusalem. And Russia wanted those same privileges **extended to** Orthodox Christians 东正教徒, but **due to** 由

于，因为 some bullying (n.) 霸凌; 欺凌；恃强凌弱; 恃强欺弱的行为
from France, they weren't.

Example 2. title

bully

→ 来自 brother 昵称。原指老大哥，起保护作用，但也可随时以大欺小。

英语单词bully最初的本意是lover（情人），来自荷兰语boel（情人，兄弟），可能是中古荷兰语broeder（兄弟）的指小形式，也就是“小情郎、情哥哥”的意思。后来词义变为“欺凌弱小者”，可能是因为bully一词在历史上常常用来表示妓女的情人及保护人、皮条客。这些男人自然不是什么好货色，往往是一些地痞流氓，喜欢欺凌弱小。因此bully一词才产生了“欺凌弱小者”的含义。但它的初始含义并未完全消失，还可以用来表示“极好的”，如口语bully for you。

bully: ['bʊli] n. 欺凌弱小者，恶霸，恶棍，拉皮条的人

vt. 欺压，威吓. vi. 横行霸道

adj. 极好的.

adv. 很，十分

bully for you: 很好，我赞同你

Additionally 此外, there were political motives 动机 as well.
Both France and Russia, though 虽然, 尽管 they were
combatants 参战者; 战斗人员 in this war, had a similar desire
— namely 即; 也就是 to weaken (v.) the Ottoman Empire,
which was already growing weak 它已经变得越来越弱了
/because of various nationalist movements 民族主义运动.
Additionally, Russia wanted access to 有权使用; 接近 the
Crimean Peninsula 克里米亚半岛, which was *a prime 主要的; 首要的*
warm-water port 暖水港 for shipping (v.) and
receiving.

So **long story short** 长话短说, the war broke out. On one side was Russia, all by their lonesome (a.)孤独的；寂寞的；独自地。 Now Russia didn' t want to fight (v.) alone, so they called up 召集 their ally 盟友 Austria, who summarily 迅速地；立即地 **declared (v.) neutrality** 中立 and refused to help the Russians.

On the other side of the war 系 were the Ottomans, supported by Britain and France. Ultimately 最终, Russia lost (v.) this war /and was humiliated (v.)羞辱；使丢脸 on the world stage 世界舞台. But **it' s** the consequences 后果 of this war **that** are more important for our purpose.

但对我们的目的来说, 更重要的是这场战争的结果意义。

By **breaking up** 瓦解；分裂 and **rearranging** (v.)重新安排 **the relationships of power** 权力关系格局 among various European states, the Crimean War effectively 有效地 broke up **the Concert of Europe**, which had kept (v.) **the peace** and **the balance of power** 权力平衡 since its inception (n.) (机构、组织等的) 开端，创始。

通过打破和重新安排欧洲各国之间的权力关系，克里米亚战争有效地打破了自成立以来，一直保持“和平”与“权力平衡”的“欧洲协调”。

Second, Britain and Russia largely **turned (v.) inward** 转向国内 and **withdrew from** 退出 continental affairs 欧洲大陆事务 after the war. And that absence 缺席；不在 created (v.) the conditions /in which 主 **leaders in Germany and Italy** 谓 could seek (v.) the unification of their states. And well, you know, I reckon 认为；估计 we ought to talk about that now.

Remember that /during this period, Italy was a conglomeration 混合物；聚集物 of many different states. But there had been movements 运动 for *the unification of those states* for a long time, but none of them were successful. 主 What they really needed 系 was *a strong ruler* from *a strong state* **to push** (v.) unification **through** 使通过；使得到批准。 And *spoiler* (n.) 剧透 *alert* 剧透警告 — they got one.

记住，在这一时期，意大利是许多不同国家的集合体。但长期以来，它们一直有“统一这些国家”的运动，但都没有成功。他们真正需要的是一个来自强大国家的强大统治者，来推动统一进程。剧透一下，他们拥有了一个(这样的人)。

他们真正需要的，是一个来自强大城邦的强势统治者来 **推动统一大业**。剧透警告——他们确实找到了这么一个人。

Example 3. title conglomerate

→ **con-**, 强调。-glom, 球，块，词源同global, agglomerate.

push sth ←→ 'through

(v.) to get a new law or plan officially accepted 使通过；使得到批准 • The government **is pushing the changes through** before the election. 政府正努力推动，要在选举前促成这些变革。

to push unification through

此处的 "push unification through" 中的 through 是副词，与动词 push 构成短语动词 (phrasal verb)，意思是 **“强力推动 (某事) 完成/实现”**，强调克服阻力达成目标的过程。

"push through" 的常见含义：在政治/社会语境中，通常指 **“排除阻力，使 (法案、计划等) 通过或落实”**。

例句：The government **pushed the reforms through** despite opposition. (政府不顾反对，强行推动了改革。)

意大利各邦长期未能统一 (none of them were successful)，因此需要 一个强势统治者 来 **“强力推进统一进程”** (push

unification through) , 即克服分裂势力、外交障碍等阻力 , 最终完成统一。

through 的核心意象 : 原义是 “穿过” , 这里引申为 “突破障碍 , 抵达终点” , 类似中文的 “贯彻到底” 或 “促成” 。

Let me introduce you to Count Cavour 加富尔伯爵, who became *prime minister* 首相 ; 总理 of *the Piedmont (a.) 山麓的 region* 皮埃蒙特地区 of Italy in 1852. And 强调句 **it was the Piedmont region that** 主 the nationalists 民族主义者 of the Italian peninsula 意大利半岛 谓 looked **to lead (v.) the way** 期待能领导道路 for unification of its various regions.

让我向您介绍加富尔伯爵 (Count Cavour) ——他于1852年成为意大利皮埃蒙特地区的首相。而正是这个皮埃蒙特地区 , 被意大利半岛的民族主义者视为统一各邦的引领者。

that army helped (v.) him significantly. But Cavour still **faced (v.) a couple of giant obstacles** 障碍 to the unifying (n.) of the Italian peninsula, and those obstacles were named (v.) Austria 奥地利 and France.

You see, Austria and France controlled (v.) these regions right here. And if you' ve learned anything about European geopolitics 地缘政治 by now, it' s this: ain' t nobody 没有人 want **to give up** what they control. So 主 any plan of Italian unification 谓 would have to figure out 弄清楚 ; 想出 how **to wrest** (v.)用力拧 ; 夺取 ; 抢夺 those regions **from** French and Austrian influence.

So Cavour **promised** (v.) Napoleon III **that** /if he helped him **drive** (v.) the Austrians **out of** northern Italy, then France could keep *what they held on the Italian peninsula*, **along with** a couple other territories 领土. Needless to say 不用说, it didn' t really **work out** 成功 , 顺利进行. You don' t really need to know all the details, but you should know that /Napoleon didn' t do *all that he said he would* 拿破仑并没有做到他所说的一切, and that enraged (v.)激怒 ; 使大怒 Cavour.

But in the middle of his rage, something providential (a.)天缘巧合的 ; 及时的 ; 适时的;幸运的 ; 天佑的 happened (v.). The northern Italian regions had been taken over 接管 by nationalists, and they agreed to join (v.) Piedmont. So northern Italy is unified.

Example 5. title
providential

→ 词根词缀： **pro-前** + **-vid-看见** + **-ent形容词词尾** + **-ial形容词词尾**
来自providence, **上帝，神，苍天**。引申词义天赐的，及时的等。

Now what about southern Italy? And for that, let me introduce you to Giuseppe Garibaldi 朱塞佩·加里波第. While all this was going on in the north, similar events were occurring (v.) in southern Italy /under the military leadership of Garibaldi. He was a masterful 技艺高超的；熟练的 military leader /and led (v.) his men — called the Red Shirts 红衫军 — to unify (v.) the southern region.

Example 6. title

Giuseppe Garibaldi

He is considered to be one of Italy' s "fathers of the fatherland", along with *Camillo Benso di Cavour*, King *Victor Emmanuel II* and *Giuseppe Mazzini*.

他与卡米洛·奔索·德·加富尔、维克托·伊曼纽尔二世国王, 和朱塞佩·马志尼并称为意大利的“国父”。

加里波第也因其在南美和欧洲的军事行动, 而被称为“两个世界的英雄”。

After uniting the regions of southern Italy, he **gave over** 停止，放弃 sovereignty 主权 **to** the ruler of northern Italy, Victor Emmanuel II. And at this point, almost the entire Italian peninsula was unified, with the exception of 除...之外 Rome, which was still occupied by France.

在统一了意大利南部地区之后，他把主权交给了意大利北部的统治者维克托·伊曼纽尔二世。

But thanks to that pesky (a.)恼人的；讨厌的 Franco-Prussian 法普（战争）的 War in 1870, Napoleon III withdrew (v.) his troops from central Italy /to go fight (v.) elsewhere. And that' s when Victor Emmanuel claimed 要求（拥有）；索取；认领；夺走，夺去（生命） the central region, and Italian unification was complete.

Okay, now let' s **turn the corner** 拐弯 and look at the movement for German unification. Remember that during the revolution of 1848, one of the desires 欲望；心愿 of the revolutionaries 革命者 was a unified Germany. But their revolution got **stamped** 踩（脚）；重踩；重踏 out 消除，根除；扑灭；镇压, and that dream would have to wait.

What they needed 系 was *a strong ruler* from *a strong state* to lead the unification. And spoiler alert — they got it with the rise of Otto von Bismarck 奥托·冯·俾斯麦. Now Bismarck was a master of *what' s known as realpolitik* 现实政治；实用政治；实力政策. This is a way of *political maneuvering* 政治操

纵,政治运作,政治手段 that saw (v.) *practical results* (实际结果). 这是一种注重实际成效的政治运作方式。

Example 8. 案例
realpolitik

[U] (from German) a system of politics /that is based on *the actual situation and needs* of a country or political party /rather than on moral principles 现实政治；实用政治；实力政策

In other words, instead of asking *what is the right or moral thing to do* in this situation, the practitioner (尤指医学或法律界的) 从业人员;从业者；实践者 of realpolitik 现实政治；权力政治；实力政策 asks (v.) what is the best action for me to take /in order to get what I want. It' s a very Machiavellian (a.)马基雅维利式的；不择手段的 way of looking at things.

Now Bismarck was the chancellor (德国或奥地利) 总理,首相; (英国) 财政大臣 of Prussia 普鲁士, and Prussia was the most powerful German state at that time. And so Bismarck, like Cavour 人名 in Italy, introduced reforms aimed (v.) at increasing Prussia' s wealth — most notably (ad.)尤其；特别 **bulking (v.) up** 增强；扩大 the Prussian army.

Example 9. 案例
bulk

(v.) **bulk (v.) sth** ← → 'out/'up

2.[U] the (large) size or quantity of sth (大) 体积; 大(量)

• Despite *its bulk and weight*, the car is extremely fast. 尽管这辆车大而且重, 速度却非常快。

• *a bulk order* (= one for a large number of similar items) 一份大批量的订单

• *bulk buying* (= buying in large amounts, often at a reduced price) (常指以低价) 大量购买

• It's cheaper *to buy in bulk*. 大批购买便宜些。

3.[sing.] the weight or shape of sb/sth large 巨大的体重(或重量、形状、身体等)

• She heaved (v.) *her bulk* out of the chair. 她挪动庞大的躯体, 费力地从椅子上站起来。

And hey, if you got an army, you' re gonna need some wars. And so *there were three key wars* that Bismarck used (v.) to unify Germany.

First was *the Prussian-Danish War* of 1864. In the north, there were two German provinces 省份 controlled by Denmark. The people in these provinces were German and spoke (v.) German, and so Bismarck aimed **to take back** those territories 领土 /and make them properly 恰当地; 实际上, 严格地说; 彻底地, 完全地 German.

In order to do this, he got Austria to agree to help (v.) in the cause 为了某个事业或目标, and they were almost immediately successful. As a result, one province **went to** Prussia, and the other **went to** Austria. But Bismarck had no interest in Austrian **rule over** 统治, 掌权 German provinces. This was just a practical measure 实际措施 that led him to the next stage. Remember (v.) *realpolitik* 统治, 掌权.

The second war was *the Austro-Prussian War* 普奥战争, which began in 1866. Before this war broke out, Bismarck skillfully 熟练地 negotiated (v.)谈判, 协商 non-interference treaties 互不干涉条约 with major European powers like Russia and Britain, because he didn' t want (v.) them joining the cause /and **messing (v.) with** 卷入有害的事; 与某人有牵连; 干扰; 弄乱 his plan.

And so /once that was settled, Bismarck **provoked** 激起; 引发 **a little fighting** between the two provinces /that brought (v.) Prussia and Austria into the war. And *what Bismarck thought* is that /if a regional struggle 地区性冲突 broke out, then the German states would be forced (v.) **to choose sides** between Prussia and Austria.

And that is exactly what happened. Most of the northern German states supported (v.) Prussia and not Austria. But those German states started **to line up** 排队 behind 排在后面; 支持; 站在...一边 Prussia. Well baby, that' s starting **to smell (v.) like** unification stew (炖煮的菜肴) 统一的局面.

But that stew isn' t ready yet, because the southern German provinces were still outside the fray 打斗, 竞争, 争辩 (尤指激烈或视为检验能力的). But Bismarck engineered (v.)策划; 密谋 *a third war* called the Franco-Prussian War 普法战争 in 1870. And here, behold (v.)看; 瞧 the realpolitik master 现实政治的大师 at work 在工作中.

Example 10. 案例

fray

(n.)

the fray [sing.] : a fight, a competition or an argument, especially one that is exciting or seen as a test of your ability 打斗, 竞争, 争辩 (尤指激烈或视为检验能力的)

• They were ready for the fray. 他们准备好了争斗。

• to enter/join the fray 加入争辩

• At 71, he has now retired from the political fray. 他现年71岁, 已经退出了政治角逐。

Bismarck thought that /主 the best way **to unify** (v.) the southern German states **to** the north 系 was to fight (v.) a common enemy, and that would be France. But at that point, there was no reason to go to war. So if there' s no reason to go to war, well, maybe don' t go to war.

Nah 不 man, this is Otto von Bismarck we' re talking about. If there aren' t legitimate 合法的 ; 合理的 reasons to go to war, so what? So 主 what Bismarck did 系 is **falsify** (v.) **伪造 a document** /in which a Prussian diplomat 外交官 insulted (v.) 侮辱, 冒犯 Napoleon III, and then accidentally leaked (v.) 泄露 it to France.

And apparently 显然 ; 似乎 Napoleon had an ego 自尊心 ; 自负 about **as fragile** 脆弱的 ; 易碎的 **as** a fart 放屁 in the wind, and so for that slight (n.) 轻蔑 ; 侮辱, he **went ahead** and **declared war** on Prussia. And it worked *exactly how Bismarck had planned*. All the German provinces **rallied** (v.) 召集 ; 集合 **to** 团结 ; 集合 Prussia' s defense /and defeated (v.) France.

As a result, *Kaiser Wilhelm I* was crowned (v.) king of Germany, and the unification was complete. Now in 1871,

Bismarck **was appointed as** the chancellor of the united German state, and 主 his main goal during that time 系 was to strengthen (v.) Germany.

For our purposes in this video, 主 one of the most significant things he did 系 was to create alliances 联盟 with other states. He did this /because he knew (v.) /France was still saucy (a.) 粗鲁的；粗俗的；不雅的；开色情玩笑的；愤愤不平的；生气的 about their loss in the Franco-Prussian War, and Bismarck wanted to be sure that /Germany stood strong (v.) against France /should they seek to retaliate (v.)报复.

The first alliance you should know about 系 is the *Three Emperors' League* 三皇同盟, which included Germany, Austria-Hungary, and Russia. The idea behind this partnership 合作；伙伴关系 is that /the three states would control (v.) Eastern Europe, especially the Balkans 巴尔干半岛 各国；巴尔干半岛地区, which were becoming increasingly unstable 不稳定的 — on which more /in a moment 稍后再详细介绍.

Example 11. 案例

League of the Three Emperors

维基百科:

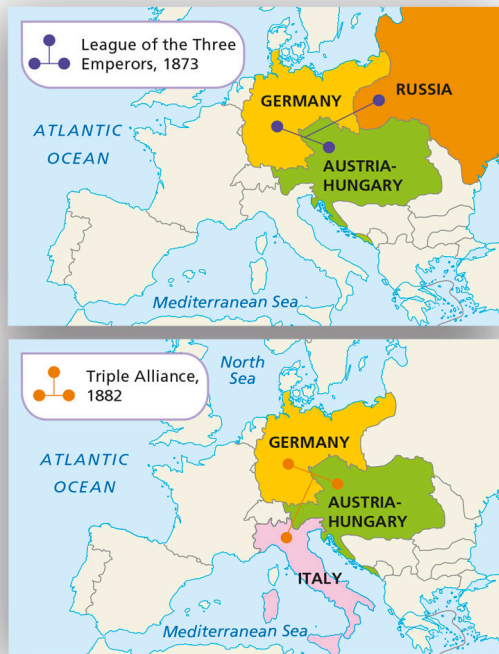

三皇同盟（德语：Dreikaiserbund）是德意志帝国、俄罗斯帝国和奥匈帝国，在 1873 年至 1887 年间结成的联盟。从 1870 年到 1890 年被解职，总理奥托·冯·俾斯麦全权负责德国的外交政策。他的目标是建立一个基于力量平衡的和平欧洲。**俾斯麦担心奥匈帝国、法国和俄罗斯的敌对联盟，会击垮德国。如果其中两个国家结盟，那么第三个国家只有在德国提出过分要求的情况下才会与德国结盟。解决办法是与三个国家中的两个国家结盟。**

1873 年，他组建了**三皇同盟**，即德国、奥匈帝国和俄罗斯沙皇之间的联盟。他们将共同控制东欧，确保波兰人等难以驾驭的民族得到控制。其目的是通过就德国和俄罗斯在巴尔干地区的势力范围达成协议，以消除它们之间的竞争，并孤立德国的敌人法国。巴尔干问题更为严重，俾斯麦的解决方案是让奥地利在西部地区占据主导地位，让俄罗斯在东部地区占据主导地位。

第一个三皇同盟于1873年至1878年有效。第二个同盟于1881年6月18日成立，持续三年。该同盟于1884年续约，但于1887年失效。由于奥匈帝国和俄罗斯在巴尔干地区持续存在的强烈利益冲突，这两个同盟最终都宣告结束。

第二个条约规定，未经事先协议，不得在巴尔干地区进行任何领土变更，奥地利可以随时吞并波斯尼亚和黑塞哥维那；**如果一方与非条约缔约国的大国发生战争，其他两方应保持友好中立**(即如果我和别人打仗，你们不能趁火打劫来打我)。

俾斯麦凭借 1887 年的《再保险条约》暂时维持了与俄罗斯的关系；但在他被解职后，该条约没有续签，法俄同盟由此发展起来。

“三皇同盟”（League of the Three Emperors），德语称 Dreikaiserbund，是19世纪后期由德国首相奥托·冯·俾斯麦（Otto von Bismarck）精心策划的一个外交联盟。这个联盟旨在维护欧洲的稳定和德国的安全，特别是在德国统一之后。

目的	<p>三皇同盟的主要目的是：</p> <ul style="list-style-type: none">• 孤立法国： 俾斯麦的首要目标是防止法国与其他欧洲大国结盟，从而对新统一的德国构成威胁。通过与俄罗斯和奥匈帝国结盟，俾斯麦有效地将法国置于孤立的境地。• 维持欧洲现状与和平： 联盟旨在维持维也纳会议后建立的欧洲力量均势和保守秩序。这包括镇压可能威胁君主制统治的自由主义和民族主义革命运动。• 调和奥俄在巴尔干地区的冲突： 奥匈帝国和俄罗斯在巴尔干地区存在长期且日益加剧的利益冲突，两国都希望在该地区扩大影响力。俾斯麦希望通过这个联盟来调和它们的矛盾，防止冲突升级，从而避免德国被迫在中立或选择一方之间做出艰难抉择。联盟成员同意在巴尔干地区的任何领土变动都需要事先协商。• 相互保证中立： 联盟的核心条款之一是，如果其中一个成员国与第四个大国发生战争，其

历史沿革	<p>三皇同盟并非一个单一的、持续不变的条约，而是经历了几次不同的阶段：</p> <ul style="list-style-type: none">• 第一次三皇同盟（1873-1878年）：这是一个相对宽松的协议，通过一系列的会议和非正式谅解建立。然而，由于巴尔干危机（特别是1877年的俄土战争，及其后的1878年柏林会议），奥匈帝国和俄罗斯之间的矛盾激化，导致第一次同盟瓦解。• 第二次三皇同盟（1881-1887年）：俾斯麦于1881年成功地重新恢复了这一联盟，其条款更为正式和具体，包括在一方与第四个大国交战时保持中立的承诺。这个同盟在1884年得到续签，但最终在1887年再次因"奥,俄"在巴尔干的持续冲突,而彻底瓦解。
意义与影响	<p>三皇同盟是俾斯麦复杂而精妙的联盟体系（Bismarckian System of Alliances）的核心组成部分。他的外交政策旨在通过一系列相互交叉的防御性联盟，确保德国的安全，防止任何反德联盟的形成，并维护欧洲的和平。</p> <p>尽管三皇同盟最终因其成员国之间不可调和的利益冲突而解体，特别是奥匈帝国和俄罗斯在巴尔干地区争夺势力范围的矛盾，但它在一定时期内成功地：</p> <ul style="list-style-type: none">• 隔离了法国，使其无法找到盟友对抗德国。• 维持了欧洲大国之间的和平，至少在大国之间没有爆发全面战争。 <p>三皇同盟的解体, 以及俾斯麦在1890年下台后德国外交政策的转变，最终导致了欧洲大国之间形成相互对</p>

Once *the Three Emperors' League* collapsed (v.) in 1887, a new alliance was formed (v.) between Russia and Germany /called *the Reinsurance Treaty* 再保险条约. They promised each other /they would remain (v.) neutral 中立的 /if either **got involved in** a war, unless **that war was** *Germany versus France* /or *Russia versus Austria*.

And then after relations deteriorated (v.)恶化 with Russia, Bismarck established *the Triple Alliance* 三国同盟, which included Germany, Austria-Hungary, and Italy. I hope *that sounds (v.) at least a little familiar*, because that' s the alliance /that will go to *World War One*.

Example 12. 案例 Triple Alliance (1882)

维基百科:

三国同盟是德国、奥匈帝国和意大利之间的防御性军事同盟。它于 1882 年 5 月 20 日形成，并定期续签，直到 1915 年第一次世界大战期间到期。

"德国"和"奥匈帝国"自 1879 年以来，一直是紧密的同盟国。意大利在北非被法国夺走后不久，就寻求支持以对抗法国。每个成员国都承诺，如果意大利遭到任何其他大国的攻击，他们将相互支持。条约规定：

- 如果意大利遭到法国无故攻击，德国和奥匈帝国将协助意大利。
- 反过来，如果法国无故攻击德国，意大利也将协助德国。

- 如果奥匈帝国和俄罗斯之间发生战争，意大利承诺保持中立。

在奥匈帝国和德国未经其他国家进攻的情况下宣战后，意大利没有站在同盟国一边参加第一次世界大战，后来站在协约国一边。

Anyway, the point of these alliances, from Bismarck' s point of view, is to increasingly isolate (v.)孤立 France, who was Germany' s chief rival 主要对手. And it worked.

And 主 what you really need to remember /by the time Bismarck was dismissed (v.)开除，解雇 as chancellor in 1890 系 is that Europe was *a collection of* mutually antagonistic (a.)相互对立的；相互敌对的 alliances, which is going **to make negotiation** 谈判；协商 *and flexibility* 灵活性 between these two sides **almost impossible**.

这使得双方之间的谈判和灵活性, 几乎是不可能的。

Now as I mentioned before, while all this is going on, there is growing unrest (n.)动荡；不安 in the Balkans, which was largely driven (v.) by a growing nationalist sentiment 民族主义情绪. Bismarck 俾斯麦 saw this /and organized *the Congress of Berlin* 柏林会议 in 1878 /in order to solve (v.) this problem.

主 At the Congress 系 were the major powers of Europe 出席会议的有欧洲主要大国, and really 事实上 主 their decisions 谓 didn' t consider (v.) the nationalist desires (n.) for self-rule 自治 in the Balkans—only considered (v.) *the balance of power* between the great powers. And in doing so, the Congress only increased (v.) the tension in the Balkans.

To understand this, you really need to understand that /this region was multi-ethnic 多民族的, and as *nationalist movements* spread (v.) across Europe, these folks too wanted (v.) to unite (v.) under their own states /and be free (a.) of 没有.....的, 摆脱了.....的 Austrian or Russian or Ottoman rule.

要理解这一点, 你真的需要了解这个地区是多民族的, 随着民族主义运动在欧洲蔓延, 这些人也想在自己的国家下团结起来, 摆脱奥地利、俄罗斯或奥斯曼帝国的统治。

Needless to say 不用说, in two wars **known as** the First and Second Balkan Wars 第一次和第二次巴尔干战争, 主 the alliances that I mentioned in the last point 谓 **lit (=light) up** (使) 光亮, 放光彩;活跃起来 /and **had** *the great powers of Europe fighting* (v.) on different sides of the Balkan wars. And those battles cemented (v.用 (水泥或胶合剂) 黏结;巩固;加强 the divisions /which would eventually **lead to** World War One.

毋庸置疑, 在两次巴尔干战争 (即第一次和第二次巴尔干战争) 中, 我前文提到的那些同盟关系, 彻底激化了欧洲列强的对立, 导致它们各自支持(v.)交战中的不同阵营。而这些冲突所固化的分裂态势, 最终为第一次世界大战埋下祸根。

巴尔干战争（Balkan Wars）是发生在1912年至1913年间，在巴尔干半岛爆发的两场冲突。这两场战争对奥斯曼帝国在欧洲的统治造成了毁灭性打击，并深刻改变了巴尔干地区的政治版图，同时也加剧了欧洲大国之间的紧张关系，被认为是第一次世界大战爆发的直接导火索之一。

2. 中文释义

你可能已经注意到，**我们正在研究的时间段，也就是1815年至1914年，正好在“第一次世界大战开始”时结束。**嗯，先生，这是假设我知道任何日期的意义，这是一个很大的假设。说得有道理，但我提到这一点，**是因为我们在这个视频中要谈论的一切，实际上都为那场全球性的大灾难奠定了基础。**所以这意味着我们需要谈论“克里米亚战争”（Crimean War）、德国和意大利的统一，以及巴尔干半岛（Balkans）的紧张局势。所以如果你正在学习这些内容，那么这个视频就是为你准备的。让我们开始充实知识吧。

好的，那么让我们从1853年开始的"克里米亚战争"说起。这个视频中有很多内容需要消化，所以如果你想要填空式的笔记来跟进，查看描述中的链接。

所以在这场战争之前，请记住，在**"欧洲协调"（Concert of Europe）期间，欧洲享受了大约50年的和平**——这取决于你 and 谁交谈。**但克里米亚战争将是一场重大冲突，它将结束那种和平。**这是一场因奥斯曼帝国（Ottoman Empire）的宗教紧张局势而引发的战争，而此时奥斯曼帝国作为欧洲的一个主要大国已经开始衰落。

看，奥斯曼苏丹（Ottoman Sultan）在法国拿破仑三世（Napoleon III）的压力下，给予居住在耶路撒冷（Jerusalem）的罗马天主教徒特殊特权。而俄罗斯希望"东正教"基督徒也能享有同样的特权，但由于法国的一些施压，他们没有得到这些特权。

此外，还有政治动机。**法国和俄罗斯虽然是这场战争中的交战国，但他们有一个相似的愿望——即削弱奥斯曼帝国**，而奥斯曼帝国由于各种民族主义运动已经日益衰弱。此外，**俄罗斯想要获得克里米亚半岛（Crimean Peninsula），那是一个重要的暖水港，有利于航运和物资接收。**

长话短说，**战争爆发了。一方是俄罗斯，他们孤立无援。**俄罗斯不想独自作战，所以**他们召唤了盟友奥地利，但奥地利立即宣布中立，拒绝帮助俄罗斯。**

战争的另一方是奥斯曼帝国，得到了英国和法国的支持。最终，俄罗斯输掉了这场战争，并在世界舞台上蒙羞。但对我们来说，**这场战争的后果更为重要。**

通过打破和重新安排欧洲各国之间的权力关系，**克里米亚战争有效地瓦解了"欧洲协调"，而欧洲协调自成立以来一直维持着和平与"权力平衡"。**

其次，**英国和俄罗斯在战后基本上转向国内，退出了欧洲大陆的事务。而这种缺席，为德国和意大利的领导人寻求"国家统一"创造了条件。**嗯，你知道，我想我们现在应该谈谈这个问题。

记住，在这个时期，意大利是由许多不同的邦国组成的联合体。但长期以来一直有统一这些邦国的运动，只是都没有成功。他们真正需要的，是一个来自强大邦国的强大统治者，来推动统一。剧透一下——他们找到了这样一个人。

让我给你介绍加富尔伯爵（Count Cavour），他在1852年成为意大利皮埃蒙特地区（Piedmont）的首相。意大利半岛（Italian peninsula）的民族主义者，指望皮埃蒙特地区来引领各个地区的统一。

加富尔是一位精明的政治家，他在皮埃蒙特的基础设施建设项目，创造了财富，使他能够组建一支庞大的军队。这支军队对他帮助很大。但**加富尔在统一意大利半岛的过程中，仍然面临着两个巨大的障碍，那就是奥地利和法国。**

你看，**奥地利和法国控制着这些地区。**如果你对欧洲地缘政治有所了解，就会知道：没有人愿意放弃他们所控制的东西。所以**任何意大利统一的计划，都必须想办法从法国和奥地利的影响下夺回这些地区。**

所以加富尔向拿破仑三世承诺，如果他(拿破仑)帮助(意大利)将奥地利人赶出意大利北部，那么法国可以保留他们在意大利半岛上的领地，以及其他几个地区。不用说，事情并没有真正按照计划进

行。你不需要了解所有细节，但你应该知道拿破仑没有兑现他的承诺，这激怒了加富尔。

但在他愤怒的时候，一些幸运的事情发生了。意大利北部地区被“民族主义者”接管，他们同意加入皮埃蒙特。所以意大利北部实现了统一。

那么意大利南部呢？为此，让我给你介绍朱塞佩·加里波第（Giuseppe Garibaldi）。当北部发生这些事情的时候，在加里波第的军事领导下，意大利南部也发生了类似的事件。他是一位出色的军事领袖，他带领他的“红衫军”（Red Shirts）统一了南部地区。

在统一了意大利南部地区后，他将主权交给了意大利北部的统治者维克托·伊曼纽尔二世（Victor Emmanuel II）。在这个时候，除了罗马（Rome），几乎整个意大利半岛都实现了统一，而罗马当时仍被法国占领。

但多亏了1870年讨厌的“普法战争”（Franco-Prussian War），拿破仑三世从意大利中部撤军去其他地方作战。就在那时，维克托·伊曼纽尔占领了中部地区，意大利统一完成。

好的，现在让我们转向德国统一运动。记住，在1848年的革命中，革命者的愿望之一，是实现德国的统一。但他们的革命被镇压了，这个梦想不得不等待。

他们需要的是一个来自强大邦国的强大统治者，来领导统一。剧透一下——随着奥托·冯·俾斯麦（Otto von Bismarck）的崛起，他们找到了这样的人。俾斯麦是“现实政治”（realpolitik）的大师。这是一种追求实际结果的政治策略。

换句话说，"现实政治"的践行者，不会问"在这种情况下什么是正确或符合道德的事情"，而是会问"为了得到自己想要的东西，采取什么行动是最好的"。这是一种非常"马基雅维利式"的看待事物的方式。

俾斯麦是普鲁士（Prussia）的首相，而普鲁士是当时德国最强大的邦国。所以俾斯麦就像意大利的加富尔一样，推行了旨在增加普鲁士财富的改革——最显著的是扩充普鲁士军队。

嘿，如果你有一支军队，就需要打一些战争。所以**俾斯麦通过三场关键战争，来实现德国的统一。**

第一场是1864年的"普丹战争"（Prussian-Danish War）。在北部，有两个由丹麦控制的德国省份。这些省份的人民是德国人，说德语，所以俾斯麦旨在夺回这些领土，使其真正成为德国的一部分。

为了做到这一点，他让奥地利同意帮忙，而且他们几乎立刻就成功了。结果，一个省份归普鲁士，另一个归奥地利。但俾斯麦对奥地利统治德国省份不感兴趣。这只是一个实际的措施，引领他进入下一个阶段。记住"现实政治"。

第二场战争，是1866年开始的"普奥(普鲁士 vs 奥地利)战争"（Austro-Prussian War）。在这场战争爆发之前，俾斯麦巧妙地与俄罗斯和英国等欧洲主要大国谈判，达成"互不干涉条约"，因为他不想让他们加入并打乱他的计划。

所以一旦这些条约确定下来，俾斯麦挑起了两个省份之间的一点冲突，从而使普鲁士和奥地利卷入战争。俾斯麦认为，如果地区冲突爆发，那么德国各邦将被迫在普鲁士和奥地利之间选择立场(选择到底帮谁，帮哪一边)。

事情确实如此。大多数德国北部的邦国, 支持普鲁士而不是奥地利。这些德国邦国开始支持普鲁士。嗯, 宝贝, 这开始有点统一的味道了。

但这场“炖菜”还没有准备好, 因为德国南部的省份仍然置身于冲突之外。但俾斯麦策划了第三场战争, 即1870年的“普法战争”(Franco-Prussian War)。在这里, 看看现实政治大师的杰作。

俾斯麦认为, 将德国南部各邦, 与北部统一的最佳方式, 是与一个共同的敌人作战, 而这个敌人就是法国 (用外地, 来团结内部矛盾)。

但在那时, 没有理由开战。所以如果没有理由开战, 嗯, 也许就不应该开战。

不, 伙计, 我们说的是奥托·冯·俾斯麦。如果没有正当理由开战, 那又怎样呢? 所以俾斯麦伪造了一份文件, 在这份文件中, 一位普鲁士外交官侮辱了拿破仑三世(激将法. 没有条件, 就创造条件, 也要开战), 然后不小心将其泄露给了法国。

显然, 拿破仑的自尊心像“风中的屁”一样脆弱, 所以因为这个小小的侮辱, 他向普鲁士宣战。事情完全按照俾斯麦的计划进行。所有德国省份都团结起来保卫普鲁士, 并打败了法国。

结果, 威廉一世 (Kaiser Wilhelm I) 加冕为德国皇帝, 德国统一完成。1871年, 俾斯麦被任命为统一后的德国的首相, 他当时的主要目标是加强德国。

就我们这个视频的内容而言, 他做的最重要的事情之一, 是与其他国家结盟。他这样做, 是因为他知道法国仍然对在“普法战争”中的失败耿耿于怀, 俾斯麦希望确保德国在法国寻求报复时, 能够强大地应对。

你应该知道的**第一个联盟**, 是**"三皇同盟" (Three Emperors' League)** , 成员包括德国、奥匈帝国 (Austria-Hungary) 和俄罗斯。这个联盟背后的想法是, 这三个国家将控制东欧, 尤其是巴尔干半岛, 而巴尔干半岛正变得越来越不稳定——我们马上会谈到这一点。

1887年"三皇同盟"解体后, 俄罗斯和德国之间形成了新的联盟, 即《再保险条约》 (Reinsurance Treaty)。他们相互承诺, 如果任何一方卷入战争, 除非是德国与法国, 或俄罗斯与奥地利之间的战争, 否则双方将保持中立。

然后在与俄罗斯的关系恶化后, 俾斯麦建立了三国同盟 (Triple Alliance) , 成员包括德国、奥匈帝国和意大利。我希望这听起来至少有点熟悉, 因为就是这个联盟参与了第一次世界大战。

不管怎样, **从俾斯麦的角度来看, 这些联盟的目的, 是越来越孤立法国**, 法国是德国的主要竞争对手。而且这确实起作用了。

当俾斯麦在1890年被解除首相职务时, 你真正需要记住的是, 欧洲是由"相互对抗的联盟"组成的, 这使得双方之间的谈判和灵活性, 几乎不可能实现 (为第一次世界大战, 埋下了伏笔)。

正如我之前提到的, 在这一切发生的同时, **巴尔干半岛的动荡日益加剧, 这在很大程度上是由不断增长的"民族主义情绪"推动的**。俾斯麦看到了这一点, 并在1878年组织了柏林会议 (Congress of Berlin) 来解决这个问题。

欧洲的主要大国都参加了这次会议, 实际上他们的决定没有考虑巴尔干半岛上"民族主义者"对"自治"的渴望——只考虑了大国之间的权力平衡。这样做只会加剧巴尔干半岛的紧张局势。

要理解这一点，你真的需要明白，**这个地区(巴尔干半岛)是“多民族”的，随着“民族主义”运动在欧洲蔓延，这些人也希望在自己的国家下实现统一，摆脱奥地利、俄罗斯或奥斯曼帝国的统治。**

不用说，在被称为“第一次和第二次巴尔干战争”的两场战争中，我刚才提到的那些联盟活跃起来，欧洲的大国在巴尔干战争中，站在不同的立场上作战。这些战斗巩固了那些分歧，最终导致了第一次世界大战的爆发。

You may have noticed that the time period we’ re studying, namely 1815 to 1914, ends right as World War One begins. Well sir, that assumes I know what any date means, and that is a large assumption. Fair enough, but I only mentioned it because everything we’ re going to talk about in this video is really setting the stage for that worldwide cataclysm. So that means we need to talk about the Crimean War, German and Italian unification, and the tensions in the Balkans. So if that’ s what you’ re studying, then this video is for you. Let’ s go get them brain cows milked.

Okay, so let’ s begin with the Crimean War, which began in 1853. There’ s a lot to digest in this video, so if you want fill-

in-the-blank note guides to follow along, check the link in the description.

So prior to this war, remember that Europe enjoyed about 50 years of peace — depending on who you talk to — during the Concert of Europe. But the Crimean War would be a major conflict that would bring that peace to an end. It was a war that started over religious tension in the Ottoman Empire, which by this point had begun to decline as a major power in Europe.

See, the Ottoman Sultan, under pressure from Napoleon III in France, granted special privileges to Roman Catholics living in Jerusalem. And Russia wanted those same privileges extended to Orthodox Christians, but due to some bullying from France, they weren' t.

Additionally, there were political motives as well. Both France and Russia, though they were combatants in this war, had a similar desire — namely to weaken the Ottoman Empire, which was already growing weak because of various nationalist movements. Additionally, Russia wanted access to the Crimean Peninsula, which was a prime warm-water port for shipping and receiving.

So long story short, the war broke out. On one side was Russia, all by their lonesome. Now Russia didn' t want to fight alone, so they called up their ally Austria, who summarily declared neutrality and refused to help the Russians.

On the other side of the war were the Ottomans, supported by Britain and France. Ultimately, Russia lost this war and was humiliated on the world stage. But it's the consequences of this war that are more important for our purpose.

By breaking up and rearranging the relationships of power among various European states, the Crimean War effectively broke up the Concert of Europe, which had kept the peace and the balance of power since its inception.

Second, Britain and Russia largely turned inward and withdrew from continental affairs after the war. And that absence created the conditions in which leaders in Germany and Italy could seek the unification of their states. And well, you know, I reckon we ought to talk about that now.

Remember that during this period, Italy was a conglomeration of many different states. But there had been movements for the unification of those states for a long time, but none of them were successful. What they really needed was a strong ruler from a strong state to push unification through. And spoiler alert — they got one.

Let me introduce you to Count Cavour, who became prime minister of the Piedmont region of Italy in 1852. And it was the Piedmont region that the nationalists of the Italian peninsula looked to lead the way for unification of its various regions.

Now Cavour was a shrewd politician whose infrastructure programs in Piedmont generated the kind of wealth that allowed him to assemble a massive army. And that army helped him significantly. But Cavour still faced a couple of giant obstacles to the unifying of the Italian peninsula, and those obstacles were named Austria and France.

You see, Austria and France controlled these regions right here. And if you've learned anything about European geopolitics by now, it's this: ain't nobody want to give up what they control. So any plan of Italian unification would have to figure out how to wrest those regions from French and Austrian influence.

So Cavour promised Napoleon III that if he helped him drive the Austrians out of northern Italy, then France could keep what they held on the Italian peninsula, along with a couple other territories. Needless to say, it didn't really work out. You don't really need to know all the details, but you should know that Napoleon didn't do all that he said he would, and that enraged Cavour.

But in the middle of his rage, something providential happened. The northern Italian regions had been taken over by nationalists, and they agreed to join Piedmont. So northern Italy is unified.

Now what about southern Italy? And for that, let me introduce you to Giuseppe Garibaldi. While all this was going on in the north, similar events were occurring in southern Italy under the military leadership of Garibaldi. He was a

masterful military leader and led his men — called the Red Shirts — to unify the southern region.

After uniting the regions of southern Italy, he gave over sovereignty to the ruler of northern Italy, Victor Emmanuel II. And at this point, almost the entire Italian peninsula was unified, with the exception of Rome, which was still occupied by France.

But thanks to that pesky Franco-Prussian War in 1870, Napoleon III withdrew his troops from central Italy to go fight elsewhere. And that' s when Victor Emmanuel claimed the central region, and Italian unification was complete.

Okay, now let' s turn the corner and look at the movement for German unification. Remember that during the revolution of 1848, one of the desires of the revolutionaries was a unified Germany. But their revolution got stamped out, and that dream would have to wait.

What they needed was a strong ruler from a strong state to lead the unification. And spoiler alert — they got it with the rise of Otto von Bismarck. Now Bismarck was a master of what' s known as *realpolitik*. This is a way of political maneuvering that saw practical results.

In other words, instead of asking what is the right or moral thing to do in this situation, the practitioner of *realpolitik* asks what is the best action for me to take in order to get what I want. It' s a very Machiavellian way of looking at things.

Now Bismarck was the chancellor of Prussia, and Prussia was the most powerful German state at that time. And so Bismarck, like Cavour in Italy, introduced reforms aimed at increasing Prussia's wealth — most notably bulking up the Prussian army.

And hey, if you got an army, you're gonna need some wars. And so there were three key wars that Bismarck used to unify Germany.

First was the Prussian-Danish War of 1864. In the north, there were two German provinces controlled by Denmark. The people in these provinces were German and spoke German, and so Bismarck aimed to take back those territories and make them properly German.

In order to do this, he got Austria to agree to help in the cause, and they were almost immediately successful. As a result, one province went to Prussia, and the other went to Austria. But Bismarck had no interest in Austrian rule over German provinces. This was just a practical measure that led him to the next stage. Remember *realpolitik*.

The second war was the Austro-Prussian War, which began in 1866. Before this war broke out, Bismarck skillfully negotiated non-interference treaties with major European powers like Russia and Britain, because he didn't want them joining the cause and messing with his plan.

And so once that was settled, Bismarck provoked a little fighting between the two provinces that brought Prussia and

Austria into the war. And what Bismarck thought is that if a regional struggle broke out, then the German states would be forced to choose sides between Prussia and Austria.

And that is exactly what happened. Most of the northern German states supported Prussia and not Austria. But those German states started to line up behind Prussia. Well baby, that's starting to smell like unification stew.

But that stew isn't ready yet, because the southern German provinces were still outside the fray. But Bismarck engineered a third war called the Franco-Prussian War in 1870. And here, behold the realpolitik master at work.

Bismarck thought that the best way to unify the southern German states to the north was to fight a common enemy, and that would be France. But at that point, there was no reason to go to war. So if there's no reason to go to war, well, maybe don't go to war.

Nah man, this is Otto von Bismarck we're talking about. If there aren't legitimate reasons to go to war, so what? So what Bismarck did is falsify a document in which a Prussian diplomat insulted Napoleon III, and then accidentally leaked it to France.

And apparently Napoleon had an ego about as fragile as a fart in the wind, and so for that slight, he went ahead and declared war on Prussia. And it worked exactly how Bismarck had planned. All the German provinces rallied to Prussia's defense and defeated France.

As a result, Kaiser Wilhelm I was crowned king of Germany, and the unification was complete. Now in 1871, Bismarck was appointed as the chancellor of the united German state, and his main goal during that time was to strengthen Germany.

For our purposes in this video, one of the most significant things he did was to create alliances with other states. He did this because he knew France was still saucy about their loss in the Franco-Prussian War, and Bismarck wanted to be sure that Germany stood strong against France should they seek to retaliate.

The first alliance you should know about is the Three Emperors' League, which included Germany, Austria-Hungary, and Russia. The idea behind this partnership is that the three states would control Eastern Europe, especially the Balkans, which were becoming increasingly unstable — on which more in a moment.

Once the Three Emperors' League collapsed in 1887, a new alliance was formed between Russia and Germany called the Reinsurance Treaty. They promised each other they would remain neutral if either got involved in a war, unless that war was Germany versus France or Russia versus Austria.

And then after relations deteriorated with Russia, Bismarck established the Triple Alliance, which included Germany, Austria-Hungary, and Italy. I hope that sounds at least a little familiar, because that's the alliance that will go to World War One.

Anyway, the point of these alliances, from Bismarck's point of view, is to increasingly isolate France, who was Germany's chief rival. And it worked.

And what you really need to remember by the time Bismarck was dismissed as chancellor in 1890 is that Europe was a collection of mutually antagonistic alliances, which is going to make negotiation and flexibility between these two sides almost impossible.

Now as I mentioned before, while all this is going on, there is growing unrest in the Balkans, which was largely driven by a growing nationalist sentiment. Bismarck saw this and organized the Congress of Berlin in 1878 in order to solve this problem.

At the Congress were the major powers of Europe, and really their decisions didn't consider the nationalist desires for self-rule in the Balkans — only considered the balance of power between the great powers. And in doing so, the Congress only increased the tension in the Balkans.

To understand this, you really need to understand that this region was multi-ethnic, and as nationalist movements spread across Europe, these folks too wanted to unite under their own states and be free of Austrian or Russian or Ottoman rule.

Needless to say, in two wars known as the First and Second Balkan Wars, the alliances that I mentioned in the last point lit up and had the great powers of Europe fighting on

different sides of the Balkan wars. And those battles cemented the divisions which would eventually lead to World War One.
